
Contents

Part I Preoperative Considerations

1 Intraoperative Decision-Making Process in Complex Surgery	3
Rifat Latifi	
2 History of Abdominal Wall Repair: In Search of New Techniques and Materials.....	7
Ronald Merrell	
3 Anatomy and Physiology of the Abdominal Wall: Surgical Implications	11
Ronald Merrell	
4 Nutritional Consideration of Patients with Open Abdomens and Fistulas	17
Zachary M. Bauman, Bellal Joseph, and Rifat Latifi	
5 The Biology of Complex Abdominal Wall Defects: Definitions and Causes	27
F. Turégano and A. García-Marín	
6 Perioperative Radiologic Evaluation of Patients with Difficult Abdominal Wall Defects.....	37
Fahim Habib, Antonio C. Marttos Jr., Bruno Monteiro Pereira, and Mariana F.J. Moscardi	

Part II Surgical Consideration: Techniques and Outcome

7 Abdominal Wall Reconstruction in Patients with Complex Defects: A Nine-Step Treatment Strategy	55
Rifat Latifi	
8 A Difficult Abdomen: Temporary Closure and Management of the Consequences.....	77
Rifat Latifi, Guillermo Higa, and Elizabeth Tilley	
9 Timing of Definitive Reconstructive Surgery of Abdominal Wall Defects in Patients with Enterocutaneous Fistulas.....	87
Jasvinder Singh and Rifat Latifi	
10 Practical Approach to Patient with a Hostile Abdomen: Clinical Scenarios.....	93
Gary Lombardo, Rifat Latifi, and Ari Leppaniemi	
11 Staged Reconstructions of Abdominal Wall Defects.....	101
Ari Leppaniemi	
12 Complex Abdominal Wall Reconstruction-Plastic Surgeon's Perspective	105
Donald P. Baumann and Charles E. Butler	

13	Complex Tissue Transfer in the Management of Abdominal Wall Defects.....	115
	Shigeki Kushimoto	
14	Minimally Invasive Component Separation for the Repair of Large Abdominal Wall Defects	125
	E. Barbosa and F. Ferreira	
15	Abdominal Wall Reconstruction in the Pediatric Population.....	141
	Emma C. Hamilton, Richard Andrassy, and Mary T. Austin	
16	Surgical Approach to Abdominal Wall Defects and Hernias in Patients with End Stage Organ Disease and Transplantation	155
	Manuel I. Rodriguez-Davalos, Christopher Ibarra, Armando Salim Munoz-Abraham, Angel Flores Huidobro Martinez, and Sukru Emre	
17	Management of Flank Complex Hernia	167
	Fernando Carbonell Tatay, Alfredo Moreno Egea, and Rifat Latifi	
18	Laparoscopic Access to the Difficult Abdomen in Patients with Large Abdominal Wall Defects	175
	Orhan Veli Ozkan, Selman Uranues, and Abe Fingerhut	
19	Laparoscopic Techniques in the Repair of Large Abdominal Wall Defects.....	179
	Selman Uranues and Orhan Veli Ozkan	
20	Selection of Prosthetic Materials in the Repair of Complex Abdominal Wall Defects	187
	Marcos Campos Wanderley Reis, Bruno Monteiro Pereira, Bartolomeu Nascimento, and Gustavo Pereira Fraga	
21	Mesh Placement in Complex Abdominal Wall Defects: Techniques and Outcomes.....	193
	Ansab Haidar and Rifat Latifi	
Part III Post-operative Complications and Reoperative Surgery		
22	Abdominal Compartment Syndrome and Hypertension in Patients Undergoing Abdominal Wall Reconstruction	201
	Ajai K. Malhotra	
23	The Surgical Nightmare: Dealing with Infected Mesh	207
	Massimo Sartelli, Federico Coccolini, Fausto Catena, Luca Ansaloni, and Rifat Latifi	
24	Abdominal Plastic Surgery and Adjunctive Procedures	213
	Kaveh Alizadeh, Jonathan Lee, and Ali Shayesteh	
25	Short Bowel Syndrome: A Clinical Update	225
	Stanley J. Dudrick, Jose M. Pimiento, and Rifat Latifi	
26	Minimizing Postoperative Complications by Preoperative Optimization	243
	Ruben Peralta, Ayman El-Menyar, and Rifat Latifi	
27	The Final Word on a Complex Problem	249
	Rifat Latifi	
	Index.....	251

Surgery of Complex Abdominal Wall Defects

Practical Approaches

Latifi, R. (Ed.)

2017, XIX, 256 p. 162 illus., 127 illus. in color.,

Hardcover

ISBN: 978-3-319-55867-7
