

Contents

1	mGlu5 Signaling: A Target for Addiction Therapeutics?	1
	Christina J. Perry, M. Foster Olive, and Andrew J. Lawrence	
2	Supraspinal Metabotropic Glutamate Receptors: An Endogenous Substrate for Alleviating Chronic Pain and Related Affective Disorders.....	15
	Francesca Guida, Enza Palazzo, Livio Luongo, Ida Marabese, Vito de Novellis, Sabatino Maione, and Francesco Rossi	
3	Metabotropic Glutamate Receptors and Parkinson's Disease: Basic and Preclinical Neuroscience	33
	Paolo Gubellini, Liliya Iskhakova, Yoland Smith, and Marianne Amalric	
4	Metabotropic Glutamate 2 (mGlu2) Receptors and Schizophrenia Treatment	59
	Javier González-Maeso	
5	mGlu5: A Metabotropic Glutamate Receptor at the Hub of Hippocampal Information Processing, Persistent Synaptic Plasticity, and Long-Term Memory.....	79
	Hardy Hagen and Denise Manahan-Vaughan	
6	Neuroprotective Properties of Glutamate Metabotropic Glutamate Receptors in Parkinson's Disease and Other Brain Disorders	103
	Gunasingh Jeyaraj Masilamoni and Yoland Smith	
7	Structure, Dynamics, and Modulation of Metabotropic Glutamate Receptors	129
	Philippe Rondard, Xavier Rovira, Cyril Goudet, and Jean-Philippe Pin	
8	Metabotropic Glutamate Receptor Function in Thalamocortical Circuitry	149
	Thomas E. Salt and Caroline S. Copeland	

9	Metabotropic Glutamate Receptors in Cancer	161
	Lumeng J. Yu, Brian A. Wall, Janet Wangari-Talbot, and Suzie Chen	
10	mGlu5 Receptors in Parkinson's Disease and MPTP-Lesioned Monkeys: Behavior and Brain Molecular Correlates.....	183
	Nicolas Morin and Thérèse Di Paolo	
11	Is There a Future for mGlu5-Positive Allosteric Modulators in Absence Epilepsy? A Comparison with Ethosuximide	207
	Gilles van Luijckelaar, Valerio D'Amore, Ines Santolini, and Richard T. Ngomba	
12	Regulation of Hippocampal mGluR-Dependent Long-Term Depression by GluA2-Dependent Cofilin-Mediated Actin Remodeling	225
	Zhengping Jia and Graham Collingridge	
13	Metabotropic Glutamate Receptors in Amygdala Functions	241
	Francesco Ferraguti	
	Index.....	279

mGLU Receptors

Ngomba, R.T.; Di Giovanni, G.; Battaglia, G.; Nicoletti, F.
(Eds.)

2017, X, 282 p. 28 illus., 26 illus. in color., Hardcover

ISBN: 978-3-319-56168-4
