
Contents

Part I New Analytical Tools and Molecular Analysis of Histamine Receptors	
Analytical Methods for the Quantification of Histamine and Histamine Metabolites	3
Heike Bähre and Volkhard Kaefer	
Structural Analysis of the Histamine H₁ Receptor	21
Mitsunori Shiroishi and Takuya Kobayashi	
Molecular Modelling Approaches for the Analysis of Histamine Receptors and Their Interaction with Ligands	31
Andrea Strasser and Hans-Joachim Wittmann	
Pharmacological Characterization of Human Histamine Receptors and Histamine Receptor Mutants in the Sf9 Cell Expression System	63
Erich H. Schneider and Roland Seifert	
Part II Cellular Analysis of Histamine Receptors	
Histamine Release from Mast Cells and Basophils	121
Francesco Borriello, Raffaella Iannone, and Gianni Marone	
Histamine H₂ Receptor in Blood Cells: A Suitable Target for the Treatment of Acute Myeloid Leukemia	141
Federico Monczor, Sabrina Copsel, Natalia Fernandez, Carlos Davio, and Carina Shayo	
Histamine H₁ Receptor Gene Expression and Drug Action of Antihistamines	161
Hiroyuki Fukui, Hiroyuki Mizuguchi, Hisao Nemoto, Yoshiaki Kitamura, Yoshiki Kashiwada, and Noriaki Takeda	
Part III Histamine Metabolism and Transport	
Histamine Clearance Through Polyspecific Transporters in the Brain . . .	173
Takeo Yoshikawa and Kazuhiko Yanai	

Histidine Decarboxylase Knockout Mice as a Model of the Pathophysiology of Tourette Syndrome and Related Conditions	189
Christopher Pittenger	
Histamine Food Poisoning	217
Maria Schirone, Pierina Visciano, Rosanna Tofalo, and Giovanna Suzzi	
Part IV Integrative Role of Histamine in Major Organ Systems: Pharmacological Implications	
Regulation of the Cardiovascular System by Histamine	239
Yuichi Hattori, Kohshi Hattori, and Naoyuki Matsuda	
Changes in Histidine Decarboxylase, Histamine N-Methyltransferase and Histamine Receptors in Neuropsychiatric Disorders	259
Ling Shan, Ai-Min Bao, and Dick F. Swaab	
Role of the Histamine H₃ Receptor in the Central Nervous System	277
Eberhard Schlicker and Markus Kathmann	
Clinical Development of Histamine H₄ Receptor Antagonists	301
Robin L. Thurmond, Jennifer Venable, Brad Savall, David La, Sandra Snook, Paul J. Dunford, and James P. Edwards	
Allergy, Histamine and Antihistamines	321
Martin K. Church	
Histamine and Histamine Receptors in Allergic Dermatitis	333
Hiroshi Ohtsu and Masahiro Seike	
Role of the Histamine H₄-Receptor in Bronchial Asthma	347
Detlef Neumann	
Index	361

Histamine and Histamine Receptors in Health and
Disease

Hattori, Y.; Seifert, R. (Eds.)

2017, VIII, 363 p. 90 illus., 30 illus. in color., Hardcover

ISBN: 978-3-319-58192-7
