

# Preface

This book contains revised papers from the ERP Future 2016—Research Conference, held in Hagenberg, Austria, in November 2016. The 12 papers presented in this volume were carefully, peer-reviewed and selected from a total of 29 submissions.

The ERP Future—Research Conference is a platform for research in ERP systems and closely related topics such as business processes, business intelligence, and enterprise information systems. The submitted contributions cover these topics from a business and a technological point of view, with high theoretical as well as practical impact.
