

Contents

Part I Snake in the Grass—Python and Its Environment

1	Installing Python	3
2	The Python Shell—IDLE	7
2.1	Basic Python Syntax	8
2.1.1	Comments	8
2.1.2	Indentation and Block Structure	8
2.1.3	Input and Output	8
2.1.4	Declaration of Simple Types and Type Casting	9
2.1.5	Arithmetic Operators and Precedence	9
2.1.6	Conditional Expressions, Relational and Logical Operators	9
2.1.7	Conditional Statements	10
2.1.8	Looping Statements	10
2.2	Entering Python Code	11
2.2.1	The Python Interpreter	11
2.2.2	The Python Editor	12
3	Package Management	15
3.1	Anaconda	15
3.1.1	Installing Anaconda	16
3.1.2	Using Anaconda	17
3.2	Alternatives	18
4	Audacity®	19
4.1	Installing	19
4.2	Using	19

Part II Banging the Drum—Visualising Sound

5	Mark Kac (1914 to 1984)	23
5.1	Hearing the Shape of a Drum	24
5.2	Riding the Waves—Bessel Functions	24
5.3	Vibrating Plates—Chladni and Germain	25
5.4	Drumhead Modes	26
6	Project Code	29
6.1	New Language Features	29
6.1.1	Project Header	29
6.1.2	Plotting Bessel Functions	30
6.1.3	Graphing in 3D	31
6.1.4	Animation of Square Wave from Summing Sinusoids	32
6.1.5	Animating in 3D, for Wave Propagation Along an Axis	33
6.2	The Code	34
6.2.1	Project Header	34

Part III Heat in the Desert—Sculpting Sound

7	Joseph Fourier (1768 to 1830)	37
7.1	The Army of Egypt	37
7.2	Feeling the Heat—Fourier Transforms	38
7.3	Chasing Rainbows—Frequency Spectra	38
8	Bob Moog (1934 to 2005)	39
8.1	Analogue Additive Synthesis	40
8.2	Analogue Subtractive Synthesis	40
8.2.1	Oscillators	41
8.2.2	Filters	45
8.2.3	Amplifier	46
8.2.4	Envelope Generation	46
8.2.5	Modulation	47
9	Project Code	49
9.1	New Language Features	49
9.1.1	Using Tkinter	49
9.1.2	Project Header	50
9.1.3	Sound Storage	50
9.1.4	Harmonic Analysis	51
9.1.5	Oscillators and Mixer	51
9.1.6	Low Pass Filtering	55
9.1.7	Implement Butterworth Low Pass Filter	57
9.1.8	Amplitude Envelope Generation	58

9.1.9	Low Frequency Oscillator and Modulation	60
9.1.10	Analysis Displays	61
9.1.11	Graphical User Interface	63
9.1.12	GUI Support for Mixer Button	64
9.2	The Code	65
9.2.1	Project Header.	65
9.2.2	Oscillator and Mixer	65
9.2.3	Filter	66
9.2.4	Amplitude Envelope Generator	67
9.2.5	Modulator	67
9.2.6	Amplifier.	68
9.2.7	Displays and Output	68
9.2.8	User Interface	69
 Part IV The Harmonograph—Victorian Pendulum Toy		
10	Hugh Blackburn (1823 to 1909)	73
10.1	Motion of a Damped Pendulum	74
10.2	Blackburn's Double Pendulum	75
10.3	Harmonic Ratios—The Lateral Harmonograph	76
10.4	Parallels—Bowditch and Lissajous	76
10.5	Of Gears and Motors—The Pintograph	78
11	Project Code	79
11.1	New Language Features	79
11.1.1	Lissajous' Figures	79
11.1.2	Damped Orthogonal Pendulums	81
11.1.3	Harmonic Ratios as Fractions	82
11.1.4	User Interface	83
11.1.5	Project Header.	83
11.2	The Code	83
11.2.1	Project Header.	83
11.2.2	Orthogonal Polynomials	84
11.2.3	User Interface	85
 Part V Counterpoint à la Mode—Composing Music		
12	Johann Joseph Fux (1660 to 1741).	89
12.1	Gradus Ad Parnassum—Counterpoint.	90
12.1.1	Melody—Direct, Contrary and Oblique Motion	90
12.1.2	Harmony—Consonance and Dissonance	90
12.1.3	Species Counterpoint.	91
12.1.4	Modal Music.	91
12.2	Strict Rules Allow Freedom of Composition	92

13 Project Code	93
13.1 The Colours of Noise	93
13.2 New Language Features	95
13.2.1 Project Header	96
13.2.2 Sound Storage	96
13.2.3 MIDI—Musical Instrument Digital Interface	96
13.2.4 Composing the Cantus Firmus with Pink Noise Generation	97
13.2.5 Sound Generation	98
13.2.6 Sound Output of Cantus Firmus	102
13.2.7 The Rules in Python	103
13.2.8 Output of Whole, Half and Quarter Notes for Counterpoint	104
13.2.9 User Interface and Sound	104
13.3 The Code	105
13.3.1 Project Header	105
13.3.2 Generating the Cantus Firmus with Pink Noise	106
13.3.3 Cantus Firmus Dynamics	106
13.3.4 Rules of Counterpoint	107
13.3.5 Converting MIDI to Frequency	108
13.3.6 Handling Whole, Half and Quarter Notes	108
13.3.7 Stereo Output	109
13.3.8 User Interface	109
 Part VI On Safari	
14 Where Next?	113
14.1 Generic Header	113
14.2 Part II—Visualising Sound	114
14.3 Part III—Creating Sound	114
14.4 Part IV—Visualising Harmony	115
14.5 Part V—Composition	116
Curriculum Vitae	117
Appendix: Internet Links	119
