## Part I Introduction

<b>1 Introduction</b>	3
1.1 Climate Change and Conflicts	3
1.2 Agro-pastoral Conflicts in Settings Impacted by Climate Change	4
1.3 The Potential of Political Factors in Conflict Reduction	4
1.4 Case Study of Farmer–Herder Conflicts in Burkina Faso, Côte d’Ivoire and Ghana: 1960–2000	5
1.5 Next Steps	6
References	7

## Part II Theoretical Framework

<b>2 Climate Change and Farmer–Herder Conflicts in West Africa</b>	11
2.1 Farmer–Herder Conflicts over Natural Resources	11
2.1.1 Farmer–Herder Conflicts: Old News or Topical Issue?	12
2.1.2 FulBe Pastoralists in Sub-Saharan Africa	13
2.2 Climate Change in Africa	15
2.2.1 Climate Change and Vulnerability in Africa	15
2.2.2 Potential Impacts of Projected Trends in Climate Change	21
2.2.3 Climate Change: A Security Challenge for Vulnerable Societies in West Africa	29
2.3 Conflicts, Conflict Analysis and Conflict Reduction	30
2.3.1 The Concept of Conflict	30
2.3.2 Conflict Reduction	31
2.3.3 Agro-pastoral Conflicts and Milestones of Conflict Analysis	32
2.4 Summary	36
References	38
<b>3 Causal Linkages Between Environmental Change and Conflict</b>	45
3.1 Neo-Malthusian Conceptualization of Environmental Scarcity as a Source of Conflict	46
3.1.1 Introduction to Malthusianism	46
3.1.2 The Concept of Environmental Scarcity and Its Consequences	47
3.1.3 The Role of Social and Technical Capital	47
3.1.4 Studies Supporting Neo-Malthusian Theory	47
3.2 Critique of a Simplistic Causal Relationship and Introduction of a Nexus of Explanatory Factors	48
3.2.1 Studies Refuting the Role of Scarcity in Armed Conflict	48
3.2.2 The Peace Research Institute Oslo (PRIO)	48
3.2.3 Political Ecology	49

3.2.4	The Environment and Conflicts Project (ENCOP) . . . . .	49
3.2.5	Distributionist Approach. . . . .	50
3.2.6	The CPR Management School or Environmental Peace Approach . . . . .	51
3.3	Reintroducing Scarcity and Broadening the Environmental Change–Conflict Linkage . . . . .	51
3.3.1	A New Lens to Approach Scarcity . . . . .	51
3.3.2	Alternatives to Scarcity . . . . .	53
3.3.3	Persistent Controversies Over the Influence of Environmental Change on Conflict . . . . .	54
3.3.4	The Role of Non-environmental Factors. . . . .	56
3.3.5	From the Diversity of the Causes of Conflicts to Engaging with Non-environmental Factors . . . . .	56
3.4	Summary . . . . .	58
	References . . . . .	59
<b>4</b>	<b>The Importance of Political Factors in Reducing Conflict and Upholding Security . . . . .</b>	<b>63</b>
4.1	Theoretical Prisms: Human, Sustainable Livelihoods and Environmental Security. . . . .	63
4.1.1	From Traditional State-Centred Security to Human Security: Evolution of a Concept . . . . .	64
4.1.2	Sustainable Livelihoods Security . . . . .	65
4.1.3	Environmental Security . . . . .	66
4.2	Role of Political Factors in Undermining or Upholding Environmental and Human Security in a Context of Climate Change. . . . .	68
4.2.1	Causal Pathways to Insecurity and Environmentally-Induced or -Aggravated Conflict . . . . .	69
4.2.2	Intervention of Political Factors in the Emergence of Conflict. . . . .	71
4.3	Contribution of Different Types of Policies to Reducing Conflict and Upholding (Soil) Security . . . . .	75
4.3.1	Study of Political Factors Influencing Climate-Change-Induced or -Aggravated Conflicts in West Africa. . . . .	75
4.3.2	Addressing Causes, Effects and Impacts, or Societal Outcomes . . . . .	76
4.3.3	Reducing Climate-Change-Related Conflicts Without Focusing on Environmental Factors. . . . .	76
4.3.4	Actors of Conflict Reduction Policies . . . . .	79
4.4	Summary . . . . .	80
	References . . . . .	80
<b>Part III Empirical Analysis</b>		
<b>5</b>	<b>The Potential of Political Factors for the Reduction of Climate-Change-Induced or -Aggravated Farmer–Herder Conflicts . . . . .</b>	<b>87</b>
5.1	Selection of Political Factors for the Case Study . . . . .	88
5.1.1	A Wide Array of Political Factors with Potential for the Reduction of Violence. . . . .	88
5.1.2	Operationalization of the Research Hypotheses . . . . .	90
5.2	Hypothesis 1: Implementation of Integration Policies by the Central State Reduces Conflict. . . . .	92
5.2.1	Integration Policies . . . . .	92
5.2.2	The Role of the State. . . . .	94

5.2.3	The Importance of an Impetus from the Central Authorities . . . . .	95
5.2.4	To Conclude. . . . .	96
5.3	Hypothesis 2: Equitable Access to Land Tenure Reduces Conflict . . . . .	96
5.3.1	The Importance of (Equitable) Access to Land . . . . .	96
5.3.2	Systems of Land Tenure in West Africa. . . . .	97
5.3.3	The CPR Design Principles Underpinning Equitable Access to Land Tenure. . . . .	100
5.3.4	To Conclude. . . . .	101
5.4	Hypothesis 3: A Decentralized and Participative Political System Reduces Conflict . . . . .	101
5.4.1	The Concepts of Participation and Decentralization . . . . .	101
5.4.2	A Decentralized and Participative Political System Reduces Conflict. . . . .	102
5.4.3	Decentralized and Participative Conflict Management Mechanisms . . . . .	104
5.4.4	The Risks of Decentralization and Participation. . . . .	105
5.4.5	To Conclude. . . . .	107
5.5	Summary . . . . .	108
	References . . . . .	109
<b>6</b>	<b>Case Study: Farmer–Herder Conflicts in Burkina Faso, Côte d’Ivoire and Ghana. . . . .</b>	<b>113</b>
6.1	Research Design: Theoretical and Methodological Approach . . . . .	114
6.1.1	Research Design and Methodology of Controlled Comparison . . . . .	114
6.1.2	Selection of Most-Similar Cases for Controlled Comparison . . . . .	115
6.1.3	Comparison of Conflict Level Between Cases. . . . .	117
6.1.4	Evaluation of the Variation in the Conflict Level. . . . .	118
6.2	Integration Policies. . . . .	120
6.2.1	Côte d’Ivoire . . . . .	120
6.2.2	Burkina Faso . . . . .	123
6.2.3	Ghana . . . . .	124
6.2.4	Summary of Findings . . . . .	125
6.2.5	Outlook . . . . .	127
6.3	Access to Land Tenure. . . . .	128
6.3.1	Côte d’Ivoire . . . . .	129
6.3.2	Burkina Faso . . . . .	130
6.3.3	Ghana . . . . .	132
6.3.4	Summary of Findings . . . . .	134
6.3.5	Outlook . . . . .	135
6.4	Decentralization and Participation . . . . .	137
6.4.1	Côte D’Ivoire . . . . .	138
6.4.2	Burkina Faso . . . . .	140
6.4.3	Ghana . . . . .	143
6.4.4	Summary of Findings . . . . .	145
6.4.5	Outlook . . . . .	147
6.5	Concluding the Case Study: Summary and Cross-Analysis . . . . .	149
	References . . . . .	152

**Part IV Conclusion**

<b>7 Conclusion</b> . . . . .	159
7.1 High Potential of Political Factors for Reducing Climate-Change-Related Conflicts Between Farmers and Herders. . . . .	159
7.2 Perspectives for Future Research . . . . .	161
References . . . . .	162
<b>Bibliography</b> . . . . .	165
<b>Other Literature: Legal Texts</b> . . . . .	179
<b>Author Biography</b> . . . . .	181
<b>Index</b> . . . . .	183

Climate Change, Security Risks and Conflict Reduction  
in Africa

A Case Study of Farmer-Herder Conflicts over Natural  
Resources in Côte d'Ivoire, Ghana and Burkina Faso  
1960–2000

Cabot, C.

2017, XXXIV, 190 p. 36 illus., 30 illus. in color.,

Hardcover
