
Contents

1	Laparoscopic Anatomical Hepatectomy	1
1.1	What is LAH?	3
1.2	Why Choose LAH?	5
1.3	Key Issues and Technique Details	6
1.3.1	Identification of Portal Pedicles and Root of Hepatic Vein	6
1.3.2	Prevention of Bleeding and Hemostasis	11
1.3.3	Parenchymal Dissection and Exposure of Hepatic Vein.	12
1.3.4	Intraoperative Navigation.	14
	References.	18
2	Patient Positioning and Ports Placement	19
2.1	Patient Position	19
2.1.1	The First Position: Reverse Trendelenburg Position	19
2.1.2	The Second Position: Lithotomy Position	19
2.1.3	The Third Position: Left Lateral Decubitus Position.	20
2.2	Principle of Trocar Positioning	22
2.2.1	Left Lateral Lobectomy and Left Hemihepatectomy.	22
2.2.2	Right Posterior Lobectomy	23
2.2.3	Right Hemihepatectomy	23
3	Preoperative Preparation and Anesthesia for Laparoscopic Liver Resection	25
3.1	Preoperative Evaluation of Patients	25
3.1.1	Imaging Examination.	25
3.1.2	Systemic Organ Function Evaluation	26
3.2	Anesthesia in Laparoscopic Liver Resection.	28
4	Laparoscopic Liver Cysts Fenestration	29
4.1	Indications and Contraindications	29
4.1.1	Indications	29
4.1.2	Contraindication.	30
4.2	Procedure	30
4.3	Key Techniques	32

4.4	Complications	32
4.5	Notes	33
5	Laparoscopic Partial Hepatectomy	35
5.1	Indications and Contraindications	35
5.1.1	Indications	35
5.1.2	Contraindications	36
5.2	Procedure	36
5.2.1	Patient's Position and Trocar Placement	36
5.2.2	Laparoscopic Exploration	36
5.2.3	Partial Hepatectomy	38
5.2.4	Hemostasis and Drainage	40
5.3	Major Operating Points	40
5.4	Complications	41
5.4.1	Intra-Operative Hemorrhage	41
5.4.2	CO ₂ Embolism	43
5.4.3	Biliary Fistula	43
5.5	Notes	43
6	Laparoscopic Single-Site Hepatectomy	45
6.1	Indications	45
6.2	Steps and Key Techniques	45
6.3	Advantages	49
6.4	Disadvantages	49
6.5	Notes	49
7	Laparoscopic Left Lateral Sectionectomy	51
7.1	Indications and Contraindications	51
7.1.1	Indications	51
7.1.2	Contraindications	52
7.2	Steps	52
7.2.1	Patient Position and Trocar Distribution	52
7.2.2	Exploration and Mobilization	52
7.2.3	Rough Dissection of the Portal Pedicles of Segments 2 and 3	54
7.2.4	Transection of the Portal Pedicles of Segments 2 and 3	54
7.2.5	Dissection of the Deep Parenchyma to Expose LHV	55
7.2.6	Transection of the Left Hepatic Vein	55
7.2.7	Hemostasis and Drainage	56
7.2.8	To Withdraw Specimen	58
7.3	Key Techniques	58
7.4	Complications	58
7.5	Notes	58

8	Laparoscopic Left Hepatectomy	59
8.1	Indications and Contraindications	59
8.1.1	Indications	59
8.1.2	Contraindications	60
8.2	Steps	60
8.2.1	Patient Position and Trocar Distribution	60
8.2.2	Exploration and Mobilization	60
8.2.3	Dissection of First Hilum and Control of Inflow Blood	61
8.2.4	Exposure of Second Hilum and Control of Outflow Blood	62
8.2.5	Parenchymal Dissection	62
8.2.6	Transection of LHV	64
8.2.7	Hemostasis	64
8.2.8	To Withdraw Specimen	65
8.2.9	Drainage	65
8.3	Key Techniques	66
8.4	Complications	66
8.5	Notes	66
9	Laparoscopic Right Sectionectomy	67
9.1	Indications and Contraindications	67
9.1.1	Indications	67
9.1.2	Contraindications	67
9.2	Steps	68
9.2.1	Patient Position and Trocar Distribution	68
9.2.2	Exploration	68
9.2.3	Mobilization	68
9.2.4	Dissection and Control of Inflow Blood	69
9.2.5	Control of Outflow Blood	70
9.2.6	Hemostasis	70
9.2.7	To Withdraw Specimen	71
9.2.8	Drainage	71
9.3	Key Techniques	71
9.4	Complications	71
9.5	Notes	71
10	Retroperitoneal Laparoscopic Hepatectomy	73
10.1	Indications	73
10.2	Steps	74
	Reference	76

11	Laparoscopic Right Hepatectomy	77
11.1	Indications and Contraindications	78
11.2	Procedure	78
11.2.1	Patient's Position and Trocar Arrangement	78
11.2.2	Laparoscopic Ultrasonography	79
11.2.3	Mobilization of the Right Lobe	79
11.2.4	Control of the Inflow/Outflow Vessels	80
11.2.5	Transection of the Hepatic Parenchyma	81
11.2.6	Specimen Retrieval and Drainage	85
11.3	Key Techniques	86
11.4	Complications	87
11.5	Notes	87
12	Laparoscopic Caudate Lobectomy	89
12.1	Indications and Contraindications	90
12.2	Procedure	90
12.2.1	Laparoscopic Hepatectomy of Spiegel Lobe	90
12.2.2	Laparoscopic Hepatectomy of Caudate Process	93
12.3	Key Techniques	94
12.4	Complications	94
12.5	Notes	94
13	Radiofrequency Ablation Assisted Laparoscopic Hepatectomy	95
13.1	Indications and Contraindications	96
13.2	Steps	96
13.3	Key Techniques	100
13.4	Complications	100
13.5	Notes	102
	References	103
	Index	105
