

# Contents

|   |    |
|---|----|
| <b>Sustainable Textile Technologies</b> .....               | 1  |
| S. Palamutcu  |    |
| 1 Introduction .....  | 2  |
| 2 History of Textile Technology .....                       | 4  |
| 3 Sustainable Technology and Textile Manufacturing .....    | 7  |
| 4 Sustainable Fiber Technologies .....                      | 8  |
| 5 Sustainable Yarn Production Technologies .....            | 11 |
| 6 Sustainable Textile Surface Production Technologies ..... | 14 |
| 7 Sustainable Wet-Processing Technologies .....             | 16 |
| 8 Sustainable Technologies in Garment Manufacturing .....   | 19 |
| 9 Conclusion .....  | 19 |
| References .....  | 21 |
| <b>Sustainable Defence Textiles</b> .....                   | 23 |
| V.A. Venkatachalam, V.A. Kaliappan and R. Vijayasekar       |    |
| 1 Overview on the Sustainability/Unsustainability .....     | 23 |
| 2 Life Cycle .....  | 28 |
| 3 Defence Textile Sustainability .....                      | 31 |
| 3.1 Sustainable Textile .....                               | 31 |
| 3.2 Military Textile Requirements .....                     | 33 |
| 4 Sustainable Procurement .....                             | 39 |
| 4.1 Sustainable Procurement—What It Means? .....            | 39 |
| 4.2 Sustainable Procurement Factors .....                   | 41 |
| 4.3 Sustainability Reporting Initiatives .....              | 44 |
| 4.4 Sustainable Public Procurement Codes .....              | 45 |
| 4.5 Sustainability Certifications .....                     | 46 |
| 5 T&C Sustainability in Twenty-First Century .....          | 47 |
| 5.1 Clean by Design .....                                   | 47 |
| 5.2 Sustainability Reporting Initiatives .....              | 49 |
| 5.3 Standards and Labels .....                              | 51 |
| 5.4 ISO Environmental Labels .....                          | 53 |

|  |   |           |
|--|---|-----------|
| 5.5  | Eco-labels . . . . .  | 54        |
| 5.6  | Sustainability and Quality Function Deployment (QFD). . . . . | 54        |
| 5.7  | Operational Research (OR) and Sustainability . . . . .        | 54        |
| 5.8  | Cost-Benefit Analysis and Sustainability. . . . .             | 56        |
| 5.9  | Lean and Sustainability. . . . .                              | 57        |
