

Contents

Part I Introduction

- 1 Engaging Families as the First Mathematics Educators of Children** 3
Sivanes Phillipson, Peter Sullivan and Ann Gervasoni

Part II Key Foci and Pedagogical Actions That Support Young Children's Mathematics Learning

- 2 Describing the Mathematical Intentions of Early Learning Childhood Experiences** 17
Peter Sullivan, Ann Gervasoni and Sivanes Phillipson
- 3 Mathematics with Infants and Toddlers** 33
Susanne Garvis and Eva Nislev
- 4 Enumeration: Counting Difficulties Are Not Always Related to Numbers** 47
Claire Margolinas, Floriane Wozniak and Olivier Rivière
- 5 Discerning and Supporting the Development of Mathematical Fundamentals in Early Years** 65
Camilla Björklund and Niklas Pramling
- 6 Number Stories** 81
Judith A. Mousley

Part III Home Interactions and Learning Experiences That Support Early Mathematical Learning

- 7 Meta-Analysis of the Relationship Between Home and Family Experiences and Young Children's Early Numeracy Learning** 105
Carl J. Dunst, Deborah W. Hamby, Helen Wilkie and Kerran Scott Dunst

8	Parental Perceptions of Access to Capitals and Early Mathematical Learning: Some Early Insights from Numeracy@Home Project.	127
	Sivanes Phillipson, Gerarda Richards and Peter Sullivan	
9	Involving Parents in Games and Picture Books	147
	Julia Streit-Lehmann	
10	Do Hong Kong Parents Engage in Learning Activities Conducive to Preschool Children's Mathematics Development?	165
	Richard Kwok Shing Wong	
 Part IV Family and Educator Partnerships That Support Early Mathematical Learning		
11	Working with Parents to Promote Preschool Children's Numeracy: Teachers' Attitudes and Beliefs.	181
	Dina Tirosh, Pessia Tsamir, Esther Levenson and Ruthi Barkai	
12	Bringing Families and Preschool Educators Together to Support Young Children's Learning Through Noticing, Exploring and Talking About Mathematics	199
	Ann Gervasoni	
13	Supporting Early Mathematics Learning: Building Mathematical Capital Through Participating in Early Years Swimming	217
	Robyn Jorgensen	
14	Fostering Children's Everyday Mathematical Knowledge Through Caregiver Participation in Supported Playgroups in Schools.	235
	Susan Edwards, Karen McLean and Pamela Lambert	
 Part V Conclusion		
15	Insights for Engaging Families as the First Mathematics Educators of Children.	249
	Ann Gervasoni, Sivanes Phillipson and Peter Sullivan	

Engaging Families as Children's First Mathematics
Educators

International Perspectives
