

Contents

| | | |
|----------|---|------------|
| 1 | Vision and Color Theory | 1 |
| 1.1 | Introduction | 1 |
| 1.2 | Light | 2 |
| 1.3 | The Human Visual System | 5 |
| 1.4 | Color Management | 26 |
| | References | 47 |
| 2 | Data Coding and Image Compression | 49 |
| 2.1 | Introduction | 49 |
| 2.2 | Quantification of Information | 50 |
| 2.2.1 | Discrete Memoryless Sources | 60 |
| 2.2.2 | Extensions of Discrete Memoryless Sources | 61 |
| 2.2.3 | Markov Sources | 62 |
| 2.2.4 | The Theorem of Lossless Coding | 64 |
| 2.3 | Digital Image Compression | 64 |
| 2.3.1 | Exploiting Redundancy for Compression | 67 |
| 2.3.2 | Structure of a Basic Compression System | 69 |
| 2.3.3 | Lossy Coding and Rate-Distortion Theory | 147 |
| 2.4 | JPEG Compression | 150 |
| 2.4.1 | The Sequential JPEG | 151 |
| 2.5 | JPEG2000 Compression | 170 |
| 2.5.1 | The JPEG2000 Encoder | 171 |
| 2.5.2 | Enhanced Features in JPEG2000 | 188 |
| 2.5.3 | Brief Evaluation of JPEG2000 | 191 |
| 2.5.4 | Progressive Transmission on the Web | 195 |
| | References | 208 |
| 3 | Segmentation of Digital Images | 213 |
| 3.1 | Introduction | 213 |
| 3.2 | Edges in Images and Edge Detection | 215 |

| | | |
|----------|--|------------|
| 3.3 | Segmentation of Images | 222 |
| 3.3.1 | Segmentation Based on Histogram Thresholding | 224 |
| 3.3.2 | Segmentation Based on Edge Detection | 227 |
| 3.3.3 | Segmentation Based on Tree Representations | 233 |
| 3.3.4 | Region-Based Segmentation | 234 |
| 3.3.5 | Clustering-Based Segmentation | 242 |
| 3.3.6 | Probabilistic and Bayesian Segmentation | 245 |
| 3.3.7 | Segmentation with Neural Networks | 248 |
| 3.3.8 | Other Methods for Segmentation | 250 |
| 3.4 | Segmentation of MRC to Detect Rigid Objects | 252 |
| 3.4.1 | General MRC Segmentation Methods | 253 |
| 3.4.2 | Segmentation Methods Related to Compression | 255 |
| | References | 256 |
| 4 | Compression Optimization | 261 |
| 4.1 | Introduction | 261 |
| 4.2 | Global or Layered Compression? | 262 |
| 4.3 | Layered Coding | 267 |
| 4.4 | Methods for Data Filling in Images | 273 |
| 4.4.1 | Data Filling for Improved Reconstruction | 274 |
| 4.4.2 | Data Filling for Improved Compression | 275 |
| 4.4.3 | Efficient Compression of the Foreground Layer | 292 |
| | References | 297 |
| 5 | Transmission Optimization | 301 |
| 5.1 | Introduction | 301 |
| 5.2 | MSICT: Optimizing Compression and Transmission | 302 |
| 5.2.1 | MSICT Encoding | 307 |
| 5.2.2 | MSICT Decoding | 314 |
| 5.2.3 | Experimental Evaluation of MSICT | 315 |
| 5.2.4 | Using Other Statistical Features | 324 |
| 5.2.5 | MSICT Wrap-Up | 326 |
| 5.3 | Significance Segmentation in JPEG2000 | 327 |
| 5.3.1 | The Framework for the Experiments | 329 |
| 5.3.2 | Experiments with Bit Errors | 332 |
| 5.3.3 | Experiments with Packet Errors | 336 |
| 5.3.4 | Cost Analysis | 340 |
| 5.3.5 | Simulation Conclusions | 348 |
| | References | 349 |
| | Index | 353 |

Mixed Raster Content

Segmentation, Compression, Transmission

Pavlidis, G.

2017, XXVIII, 354 p. 260 illus., 103 illus. in color.,

Hardcover

ISBN: 978-981-10-2829-8
