<b>1</b>	<b>Knowledge Management</b>	1
	Computer Support Systems	2
	Examples of Knowledge Management	3
	Data Mining Descriptive Applications	5
	Summary	6
	References	7
<b>2</b>	<b>Data Visualization</b>	9
	Data Visualization	9
	R Software	10
	Loan Data	11
	Energy Data	16
	Basic Visualization of Time Series	19
	Conclusion	28
	References	28
<b>3</b>	<b>Market Basket Analysis</b>	29
	Definitions	30
	Co-occurrence	31
	Demonstration	33
	Fit	34
	Profit	37
	Lift	38
	Market Basket Limitations	40
	References	41
<b>4</b>	<b>Recency Frequency and Monetary Model</b>	43
	Dataset 1	44
	Balancing Cells	47
	Lift	49
	Value Function	50

Data Mining Classification Models. . . . .	52
Logistic Regression. . . . .	52
Decision Tree . . . . .	52
Neural Networks. . . . .	54
Dataset 2 . . . . .	54
Conclusions . . . . .	57
References . . . . .	59
<b>5 Association Rules. . . . .</b>	<b>61</b>
Methodology . . . . .	62
The APriori Algorithm . . . . .	63
Association Rules from Software . . . . .	65
Non-negative Matric Factorization . . . . .	67
Conclusion. . . . .	68
References . . . . .	69
<b>6 Cluster Analysis. . . . .</b>	<b>71</b>
K-Means Clustering . . . . .	72
A Clustering Algorithm . . . . .	72
Loan Data . . . . .	73
Clustering Methods Used in Software. . . . .	75
Software. . . . .	76
R (Rattle) K-Means Clustering. . . . .	76
Other R Clustering Algorithms. . . . .	77
KNIME. . . . .	80
WEKA . . . . .	84
Software Output for Original Data . . . . .	87
R Clustering . . . . .	87
WEKA . . . . .	91
Summary . . . . .	95
References . . . . .	95
<b>7 Link Analysis . . . . .</b>	<b>97</b>
Link Analysis Terms . . . . .	97
Basic Network Graphics with NodeXL. . . . .	102
Link Analysis Application with PolyAnalyst (Olson and Shi 2007). . . . .	105
Summary . . . . .	110
References . . . . .	111
<b>8 Descriptive Data Mining. . . . .</b>	<b>113</b>
<b>Index. . . . .</b>	<b>115</b>

Descriptive Data Mining

Olson, D.L.

2017, XI, 116 p. 63 illus., 60 illus. in color., Hardcover

ISBN: 978-981-10-3339-1
