

Contents

Part I Cloud and Service Management

A Review on Energy Efficient Resource Management Strategies for Cloud	3
Srimoyee Bhattacharjee, Sunirmal Khatua and Sarbani Roy	
Modeling and Analysis of Enterprise Cloud Bus Using a Petri Net Based Approach	17
Gitosree Khan, Sabnam Sengupta and Anirban Sarkar	
Service Provisioning in Cloud: A Systematic Survey	37
Adrija Bhattacharya and Sankhayan Choudhury	

Part II High Performance Computing

Flexible Neural Trees—Parallel Learning on HPC	67
Jiří Hanzelka and Jiří Dvorský	
Software Energy Estimation to Improve Power Efficiency of Embedded System	79
Nachiketa Chatterjee, Saakallya Biswas and Partha Pratim Das	

Part III Image Processing

Ternary Quantum Circuit for Color Image Representation	95
Sanjay Chakraborty, Sudhindu Bikash Mandal, Soharab Hossain Shaikh and Lopamudra Dey	
A Graph-Theoretic Approach for Visualization of Data Set Feature Association	109
Amit Kumar Das, Saptarsi Goswami, Basabi Chakraborty and Amlan Chakrabarti	

A Novel Approach for Human Silhouette Extraction from Video Data.	125
Amlan Raychaudhuri, Satyabrata Maity, Amlan Chakrabarti and Debotosh Bhattacharjee	
 Part IV Pattern Recognition	
Statistical Textural Features for Text-Line Level Handwritten Indic Script Identification.	139
Pawan Kumar Singh, Ram Sarkar and Mita Nasipuri	
An Approach to Stroke-Based Online Handwritten Bangla Character Recognition	153
Shibaprasad Sen, Ram Sarkar and Kaushik Roy	
Functional Group Prediction of Un-annotated Protein by Exploiting Its Neighborhood Analysis in Saccharomyces Cerevisiae Protein Interaction Network	165
Sovan Saha, Piyali Chatterjee, Subhadip Basu and Mita Nasipuri	
Author Index.	179
