Part I Proposition of the Cost of Development in China

1	Learning and Practice of Scientific Outlook on Development: Considering Maximization of Net Welfare as the Scientific Political Achievement View	3
1.1	Scientific Outlook on Development: Reviewing the Cost of Development in China	3
1.2	The Study on Development Cost Would Build the Political Achievements View with Maximization of Net Welfare.	5
1.3	Development Cost Evaluation Is Alternative Judgment of Comprehensive National Power	9
2	Scientific Development of China in the Future: Inspiration of Chinese Dream to Development Cost	15
2.1	China in the Future: High Income, High Technology, High Welfare and High Human Development.	15
2.2	Inspiration of Chinese Dream to Development Cost.	17
3	Innovation Powerhouse: Build a Society of Joint Development and Common Prosperity	19
3.1	A Society of Joint Development and Common Prosperity	19
3.2	Innovation Powerhouse: Control the Development Cost of Economy and Society	21
	Appendix: Definitions	22

Part II Economic Cost of Development in China

4	Economic Growth Cost in China	27
4.1	Connotation of Economic Growth in China	27
4.2	Expression Forms of Economic Growth Cost in China.	29

4.2.1	Cost from Expansion of Investments	30
4.2.2	Cost from Expansion of Domestic Demands	31
4.2.3	Cost from Expansion of Exports	34
4.3	Generating Causes of Economic Growth Cost in China	37
4.3.1	Increasingly Worsening of Structural Conflicts in China.	37
4.3.2	Systematic Causes Affecting Economic Growth	37
4.3.3	Decision-Making Mistakes in Economic Construction Process	37
4.3.4	Marketization Degree of Production Factors Are Still not High	38
4.4	Countermeasures to Economic Growth Cost in China	39
4.4.1	Adjust and Optimize Industrial Structure to Promote Coordinated Economic Growth	39
4.4.2	Continuously Deepen the Economic System Reform	39
4.4.3	Prevent Blind Decision-Making During Economic Construction Process	41
4.4.4	Cultivate Paid Using Mechanism of Resource-Type Products.	41
4.4.5	Transformation from “Investment Attraction” to “Investment Selection”	42
	Annexed Table	42
5	Cost of Economic Transformation in China	45
5.1	Connotation of Economic Transformation in China and Its Cost	45
5.2	Expression Forms of the Cost of Economic Transformation in China	47
5.2.1	Cost of System Transformation	50
5.2.2	Cost of Structural Transformation	51
5.2.3	Cost of Development Model Transformation.	55
5.2.4	Cost of Globalization Transformation	57
5.3	Forming Causes of the Cost of Economic Transformation in China	60
5.4	Countermeasures for the Cost of Economic Transformation in China	63
	Annexed Tables	63
6	Cost of Economic Disturbance in China	69
6.1	Overview of Economic Disturbance	69
6.2	Expression Forms of the Costs of Economic Disturbance in China	70

6.2.1	Inflation Cost	70
6.2.2	Cost of Exchange Rate Fluctuation	71
6.2.3	Risk of Economic Crisis	73
6.3	Forming Causes of the Cost of Economic Disturbance in China	75
6.4	Countermeasures to the Cost of Economic Disturbance in China	78
	Annexed Tables	80
7	Cost of Economic Regulation and Control in China	83
7.1	Connotation of Economic Regulation and Control in China	83
7.2	Expression Forms of the Costs of Economic Regulation and Control in China	83
7.2.1	Cost of Regulation and Control Through Economic Means	85
7.2.2	Cost of Regulation and Control Through Legal Means	89
7.2.3	Cost of Regulation and Control Through Administrative Means	90
7.3	Forming Causes of Chinese Economic Regulation Cost	90
7.4	Countermeasures to Handle Chinese Economic Regulation Cost	93

Summary of Economic Cost of Development in China

Part III Political Cost of Development in China

8	Political Reform Cost in China	101
8.1	Connotation of Political Reform in China	101
8.2	Forms of Political Reform Cost in China	104
8.2.1	Cost of Political Struggle	104
8.2.2	Cost of Political Risk	111
8.3	Forming Causes of Political Reform Cost in China	112
8.3.1	Forming Causes of Political Struggle Cost	112
8.3.2	Forming Causes of Political Risk Cost	115
8.4	Countermeasures to Handle Chinese Political Reform Cost	116
8.4.1	Prevent the Occurrence of Political Reform in Field of Ideology and Law	116
8.4.2	Make Efforts to Reduce Risk of Turmoil and Control the Widening Gap Between Rich and Poor	118
9	Chinese Political System Construction Cost	121
9.1	Connotation of Chinese Political System Construction	121
9.2	Forms of Chinese Political System Construction Cost	122

9.2.1	Corruption Cost	123
9.2.2	System Reform Cost	124
9.2.3	Political System Setting Cost	129
9.2.4	Political System Destruction Cost	130
9.3	Forming Causes of Chinese Political System Construction Cost	131
9.3.1	Historical Causes of Chinese Corruption Problem	131
9.3.2	Flaws in Chinese Political System	131
9.3.3	Incomplete Specific System of Political Participation System Is the Most Direct Factor that Restrains Political Participation in Modern China	132
9.3.4	Chinese Citizens' Political Cultural Quality Is Still not High, and Their Maturity of Political Participation Is Relatively not Sufficient	132
9.4	Countermeasures for Chinese Political System Construction Cost	134
9.4.1	Establishment and Improvement of System to Punish and Prevent Corruption	134
9.4.2	Gradually and Stably Promote Political System Reform	134
9.4.3	Make Efforts to Enhance the Public's Awareness and Ability of Political Participation	135
10	Cost of Chinese Political Decision-Making System	137
10.1	Connotation of Chinese Political Decision-Making System	137
10.2	Forms of Chinese Political Decision-Making System Cost	138
10.2.1	Changing Cost of Political Decision-Making System	139
10.2.2	Cost of Political Decision-Making Mistake	140
10.2.3	Improving Cost of Political Decision-Making System	144
10.3	Forming Causes of Chinese Political Decision-Making System Cost	146
10.3.1	Immaturity of Political Decision-Making System	146
10.3.2	Lack of Decision-Making Knowledge, Experience, Ability and Quality of Decision Makers (Group).	146
10.4	Countermeasures for the Cost of Chinese Political Decision-Making System	148
10.4.1	Establish and Improve Political Decision-Making Regulations and Systems, Promote the Theorization, Scientification, Democratization and Legalization of Decision Making According to Law	148
10.4.2	Well Selection, Use and Education of People to Establish Highly Efficient Decision-Making Team.	148

11	Cost of Chinese Ruling Party Construction	151
11.1	Connotation of Chinese Ruling Party Construction	151
11.1.1	Forms of Chinese Ruling Party Construction Cost	152
11.1.2	Ideological and Cultural Construction Cost	152
11.1.3	Organizational Construction Cost	153
11.1.4	Working Style Construction Cost	154
11.1.5	Cost of Democracy Construction Within the Party	156
11.1.6	Forming Cost of Political Civilization	156
11.2	Forming Causes of the Cost of Chinese Ruling Party Construction	157
11.2.1	The Need for Chinese Communist Party to Continuously Develop and Strengthen, and to Consolidate the Ruling Foundation	157
11.2.2	Input of Party Style Rectification and Loss of Expansion	158
11.2.3	Necessary Input to Prevent Occurrence of Crisis Within the Party	158
11.3	Countermeasures for the Cost of Chinese Ruling Party Construction	158
11.3.1	Strengthening of the Ideological and Moral Construction	158
11.3.2	Improve the Democracy Within the Party System and Reduce the Cost of Decision-Making Mistakes	161
11.3.3	Realize Scientific Planning and Optimized Development for the Establishment of Basic-Level Party Organization and Development of Party Member Team	161
12	Cost of Chinese Political Consultation and Crossing of Information Gap	163
12.1	Connotation of Chinese Political Consultation	163
12.2	Forms of the Cost of Chinese Political Consultation and Crossing of Information Gap	165
12.2.1	Cost of Political Consultation Evolution	165
12.2.2	Cost of Crossing Information Gap	167
12.3	Forming Causes of the Cost of Chinese Political Consultation and Information Gap Crossing	170
12.3.1	Historical Cause of the Evolving Cost of Chinese Political Consultation System	170
12.3.2	Existence of Information Gap in the Process of Communication in Different Organizations or Systems	170
12.4	Countermeasures for the Cost of Chinese Political Consultation and Information Gap	172

12.4.1	Improve Working Method of CPPCC and Fully Play the Role of Information Democracy	172
12.4.2	Establish Information System and Implement Scientific Management to Reduce Barrier of Information Delivery	172
13	Cost of Chinese Democracy Construction	175
13.1	Connotation of Chinese Democracy Construction	175
13.2	Forms of Chinese Democracy Construction Cost	177
13.2.1	Democracy Explaining Cost	178
13.2.2	Democracy Development Cost	178
13.3	Forming Causes of the Cost of Chinese Democracy Construction	180
13.3.1	Necessary Requirement for China to Actively or Passively Make Democracy Explanation and Promote National Image in International Community	180
13.3.2	Chinese Democracy Construction Development Faces Restriction of Historical Factors and Basic National Situation	180
13.4	Countermeasures for the Cost of Chinese Democracy Construction	181
13.4.1	Actively Expand Foreign Exchange and Cooperation and Demonstrate Chinese Image of Democracy to Reduce Passive Democracy Explaining Cost	181
13.4.2	Continuously Improve China's Democracy Construction System and Enhance China's Democratic Level	183

Summary of Chinese Political Development Cost

Part IV Cost of Chinese Social Development

14	Chinese Social Livelihood Issues and Their Cost	189
14.1	Definition and Connotation of Livelihood Issue	190
14.2	Forms of Social Livelihood Cost	192
14.2.1	Education Development Cost	192
14.2.2	Employment Promotion Cost	195
14.2.3	Social Security Lacking Cost	197
14.2.4	Income Distribution Imbalance Cost	199
14.2.5	Medical Service Development Cost	200
14.3	Forming Causes of Social Livelihood Cost	202
14.4	Countermeasures for Social Livelihood Cost	206
14.4.1	Establish Public Fiscal System, Expand Social Livelihood Investments and Build Service-Type Government	206

14.4.2	Improve Social Redistribution System Policies and Enhance Social Equity and Efficiency	206
14.4.3	Enlarge Investments in Fiscal Education Expenditure and Guarantee the Balanced Distribution of Education Resources in Urban and Rural Areas.	207
14.4.4	Improve Market Employment System and Create Fair Employment Environment.	208
14.4.5	Enlarge Government Investments in Public Health Undertakings and Establish a Civil and Integrated Medical Service System	208
15	Cost of Population Change in Chinese Society	209
15.1	Definition and Connotation of Population Change	209
15.2	Forms of the Cost of Population Change in Society	210
15.2.1	Population Increase Cost	211
15.2.2	Aging Cost	213
15.2.3	Population Management Cost	216
15.3	Forming Causes of the Cost of Population Change in Society	218
15.4	Countermeasures for the Cost of Population Change in Society	218
15.4.1	Implement Soft-Landing Policies to Undertake Birth Model Adjustment, Control the Growth of Total Population and Optimize Population Structure.	220
15.4.2	Transform Economic Development Method, Actively Encourage Start-Ups and Employment, Expand Labor Supply, Reduce the Number of Advanced Retirees, and Relieve the Pressure of Social Security Expenditure	220
15.4.3	Establish Social Security System and Face the Peak of Elderly Population	221
15.4.4	Establish the System to Protect the Related Rights and Interests of Floating Population and Accelerate the Citizenization of Migrant Workers	221
16	Chinese Social Management Cost.	223
16.1	Definition and Connotation of Social Management.	223
16.2	Forms of Social Management Cost.	224
16.2.1	Social Harmony Cost.	224
16.2.2	Administrative Management Expenditure	227
16.3	Causes of Social Management Cost	229
16.3.1	Mistakes in the Positioning of Government Functions and Perspectives	229
16.3.2	Backward Social Management System Causes Confusion and Failure in Social Management	229

16.3.3	The Social Management and Operation System Lacks Complete Management Means and Organizational System.	230
16.4	Analysis of Countermeasures for Social Management Cost	231
17	Chinese Social Stability Cost	235
17.1	Definition and Connotation of Social Stability Cost	235
17.2	Forms of Social Stability Cost	236
17.2.1	National Defense Expenditure	236
17.2.2	Stabilization Cost	240
17.2.3	Economic and Social Price of the Events that Destroys Social Stability	240
17.3	Forming Causes of Social Stability Cost	242
17.4	Analysis of Countermeasures for Social Stabilization Cost	244
17.4.1	Increase Necessary National Defense Expenditure, Reduce Unnecessary Stabilization Expenditure and Optimize Social Stabilization Cost Structure	244
17.4.2	Strengthen Long-Term Macroeconomic Planning, Determine Correct Stabilization Idea and Rights Idea	244
17.4.3	Emphasize Social Management Innovation, Establish Effective Expression Mechanism of People's Interest	246
18	Chinese Social Advancement Cost	247
18.1	Definition and Connotation of Social Advancement Cost	247
18.2	Forms of Social Advancement Cost	248
18.2.1	Innovation Cost	248
18.2.2	Full Information Symmetry Cost	249
18.2.3	Comprehensive Human Development Cost	255
18.3	Forming Causes of Social Advancement Cost	255
18.4	Countermeasures for Social Development Cost	257

Summarization of Chinese Social Development Cost

Part V Chinese Cultural Development Cost

19	China's Cost of Civilization Inheriting and National Customs Protection	265
19.1	Definition of Civilization and Recall of Chinese History of Civilization	265
19.1.1	Definition of Civilization and Connotation of Its Inheriting Cost	265
19.1.2	Recall of the Process of Chinese Civilization	266
19.2	Forms of the Cost of Civilization Inheriting	268

19.2.1	Civilization Conflict and Peace Maintenance Cost.	269
19.2.2	Civilization Eliminating and Evolving Cost.	270
19.2.3	Cost of Civilization Inheriting and Protection	275
19.3	Connotation, Definition of National Customs Protection and Forms of Cost.	279
19.3.1	Ethnical Conflict Handling Cost	280
19.3.2	National Fusion and National Customs Protection Cost.	283
19.3.3	Religion and Faith Protection Cost	284
19.4	Forming Causes of the Cost of Civilization Inheriting and National Customs Protection.	286
19.5	Countermeasures for the Cost of Civilization Inheriting and National Customs Protection.	289
20	Cost of Chinese Ideological Evolution and Modern Media System Construction	291
20.1	Connotation and Forms of the Cost of Chinese Modern Ideological Evolution	291
20.1.1	Cost of Ideological Evolution Since the Establishment of New China	291
20.1.2	Regular Cost of Current Chinese Ideological Construction	293
20.1.3	Cost of Risks in Current Chinese Ideological Construction	298
20.1.4	Cost of International Ideological Contradictions and Conflicts	298
20.2	Connotation and Forms of the Construction Cost of Chinese Modern Media System	301
20.2.1	General Management Cost of the Media System with Chinese Characteristics	303
20.2.2	Reform Cost of Modern Media System.	305
20.3	Forming Causes of the Cost of Ideological Change and the Cost of Modern Media System Construction	310
20.4	Countermeasures for the Cost of Ideological Change and the Cost of Modern Media System Construction	312
21	Cost of Chinese Soft Power Construction and Response to International Cultural Invasion	315
21.1	Connotation of the Cost of Soft Power Construction	315
21.2	Forms of the Cost of Soft Power Construction on Different Levels and the Cost of Response to Foreign Cultural Invasion	317
21.2.1	National Level: Cost of Fighting for Speaking Right in International Community.	318

21.2.2	Regional Level: Cost of Regional Soft Power Construction	320
21.2.3	Organizational (Enterprise) Level: Cost of Modern Organization (Enterprise) Establishment and Soft Power Enhancement	323
21.2.4	Citizen Level: Cost of Enhancing Scientific Quality and Cultural Quality	324
21.3	Connotation of Social Civilization Cost in Modernization Construction Process and Forms of Cost	326
21.3.1	Cost of Sliding Collective Morality in Society	328
21.3.2	Cost of Change in Social Relations	330
21.3.3	Cost of Contradictions and Conflicts Caused from Formation of New Social Groups	331
21.4	Forming Causes of the Cost of Soft Power Construction and the Cost of Response to Foreign Cultural Invasion	332
21.5	Countermeasures for the Cost of Soft Power Construction and the Cost of Response to Foreign Cultural Invasion	333

Summary of the Cost of Chinese Cultural Development

Part VI Cost of Opening to the Outside World and Development

22	China's Opening Development Thoughts and Their Cost	341
22.1	Overview of Opening Development Thoughts and Their Cost	341
22.2	Forms of Opening Development Thoughts and Their Cost	342
22.2.1	Price of No Opening-up and Cost of Thinking Game	342
22.2.2	Forming Cost of Comprehensive Opening-up	348
22.3	Forming Causes of Opening Development Thoughts and Their Cost	349
22.3.1	Long-term No Opening-up Due to Decision-Making Mistakes of Leader	349
22.3.2	Necessary Price for Exploration and Development of New System	349
22.3.3	Associated Effect of Globalization Trend	350
22.4	Countermeasures for Opening Development Thoughts and Their Cost	350
22.4.1	Implement Democratic Centralism Through System Reform	350
22.4.2	Correctly Treat and Handle the Necessary Cost of the Formation of Reform and Opening-up Idea	351
22.4.3	Countermeasures for Associated Risks of Globalization	352

23	China's Cost of International Exchange and Consensus	355
23.1	Overview and Forms of the Cost of International Exchange and Consensus	355
23.1.1	Cost of International Exchange and Participation	356
23.1.2	Cost of Organizing International Exchange	358
23.1.3	Cost of Fulfilling International Consensus	360
23.2	Forming Causes of the Cost of International Exchange and Consensus	363
23.3	Countermeasures for the Cost of International Exchange and Consensus	364
24	China's Cost of Investment and Construction of Investment Environment	365
24.1	Overview and Forms of the Cost of Investment and Construction of Investment Environment	365
24.1.1	Cost of Providing Investment Environment	366
24.1.2	Cost of China's Foreign Investment	368
24.2	Forming Causes of the Cost of Investment and Construction of Investment Environment	372
24.2.1	Forming Causes of the Cost of Providing Investment Environment	372
24.2.2	Forming Causes of the Cost of Foreign Investment	373
24.3	Countermeasures for the Cost of Investment and Construction of Investment Environment	374
24.3.1	Countermeasures for the Cost of Providing Investment Environment	374
24.3.2	Countermeasures for the Cost of Foreign Investment	376
25	Cost of International Trade Development	379
25.1	Overview of the Cost of International Trade Development	379
25.2	Forms of the Cost of International Trade Development	380
25.2.1	Tax Rebate Burden	380
25.2.2	Opportunity Cost and Risk of High Foreign Exchange Reserve	382
25.2.3	Cost of Handling Trade Frictions	385
25.3	Forming Causes of the Cost of International Trade Development	386
25.3.1	Conflict Between "Rebating All Rebates" and Finance Support Capacity	387
25.3.2	Necessity of Foreign Exchange Reserve for Economic Development	388
25.3.3	Cause of Intensifying Trade Frictions	389
25.4	Countermeasures for International Trade Cost	390

25.4.1	Reform the Export Tax Rebate System	390
25.4.2	Improve Foreign Exchange Reserve Management	390
25.4.3	Actively and Strategically Handle Trade Frictions	390
26	Construction Cost of China's Three-Dimensional Transportation	393
26.1	Overview of the Construction Cost of Three-Dimensional Transportation	394
26.2	Forms of the Construction Cost of Three-Dimensional Transportation	394
26.2.1	Input of Transportation Infrastructure Construction	395
26.2.2	Opportunity Cost of Transportation Infrastructure Construction	396
26.2.3	Loss of Management Efficiency	400
26.3	Forming Causes of the Construction Cost of Three- Dimensional Transportation	401
26.3.1	Promote the Demand of National Economic Development	401
26.3.2	Lack of General Vision in Planning	402
26.3.3	Incomplete Management System	403
26.4	Countermeasures for the Construction Cost of Three- Dimensional Transportation	405
26.4.1	Improve the Investment and Financing System of the Construction of Chinese Transportation Infrastructure	405
26.4.2	Realize the Comprehensive Management of Traffic & Transportation Industry	405
26.4.3	Strengthen the Coordinated Development Planning and Layout	406
27	The Cost of China's Creditability Construction and Handling of Threats	409
27.1	Overview and Forms of the Cost of China's Creditability Construction and Handling of Threats	409
27.1.1	Maintaining Cost of China's Territory and Sovereignty Integrity	409
27.1.2	Cost of National Unity	412
27.1.3	Cost of Foreign Aids	412
27.1.4	Cost of Bearing International Responsibilities	415
27.1.5	Communication Cost of Major Power Image	417
27.2	Forming Causes of the Cost of China's Creditability Construction and Handling of Threats	419
27.2.1	The Demand for China to Enhance Comprehensive National Strength and Build National Image	419
27.2.2	The Ulterior "Chinese Threat Theory"	419

27.3	Countermeasures for the Cost of China's Creditability	
	Construction and Handling of Threats	420
27.3.1	Enhance Communication Ability of National Image . . .	420
27.3.2	Enhance China's Comprehensive National Strength . . .	421

Summary of the Cost of Foreign Opening-up Development

Part VII Cost of China's Natural Development

28	Cost of China's Resource and Energy	427
28.1	Overview of the Cost of China's Resource and Energy	427
28.2	Forms of the Cost of Resources and Energy.	431
28.2.1	Farmland Cost.	431
28.2.2	Cost of Forest Land.	432
28.2.3	Cost of Mineral Resource	433
28.2.4	Cost of Coal	433
28.2.5	Cost of Oil	434
28.2.6	Cost of Natural Gas.	435
28.3	Forming Causes of the Cost of Resource and Energy.	436
28.4	Countermeasures for the Cost of Resource and Energy	440
28.4.1	Countermeasures for the Control of Resource Cost	440
28.4.2	Countermeasures for the Control of Energy Cost	441
	Appendix	442
29	Cost of China's Ecological Environment	453
29.1	Overview of the Cost of the China's Ecological Environment . . .	453
29.2	Forms of Environmental Cost.	454
29.2.1	Cost of Water Pollution.	456
29.2.2	Emitting Cost Sulfur Dioxide and Dust.	457
29.2.3	Discharging Cost of Industrial Dust	458
29.2.4	Cost of Solid Waste	459
29.3	Forming Causes of the Cost of Ecological Environment.	460
29.4	Countermeasures for the Cost of Ecological Environment	463
	Appendix	465
30	Cost of Disasters in China	473
30.1	Overview of the Cost of Disasters in China	473
30.2	Forms of the Cost of Disasters in China.	476
30.2.1	Cost of Geological Disaster.	476
30.2.2	Cost of Forest Fire	477
30.2.3	Cost of Oceanic Disaster.	478
30.3	Forming Causes of the Cost of Disaster in China.	479
30.4	Countermeasures for the Control of the Cost of Disaster in China	482
	Appendix	486

31	China's Cost of Handling Climate Change	489
31.1	Overview of China's Cost of Handling Climate Change.	489
31.2	Forms of China's Cost in Handling Climate Change	491
31.2.1	Cost of Carbon Dioxide Emission	492
31.2.2	Cost of Methane Emission.	492
31.2.3	Emission Cost of Nitrous Oxide	493
31.3	Forming Causes of the Cost of Handling Climate Change	494
31.4	Countermeasures for the Cost of Handling Climate Change	498
31.4.1	Strengthen the Ecological Protection Countermeasure in Water Source Management	500
31.4.2	Strengthen Environmental Construction in Coastal Regions	501
31.4.3	Strengthen International Cooperation to Handle Global Climate Change	501
31.4.4	Reduce the Deforestation.	501
31.4.5	Innovate the Domestic Carbon Trade Mechanism	502
	Appendix	503
32	Cost of Harmony Between Human and Nature	507
32.1	Overview of the Cost of Harmony Between Human and Nature	507
32.2	Forms of the Cost of Harmony Between Human and Nature	510
32.2.1	Cost of Health Loss Resulted from Environmental Pollution	511
32.2.2	Transformation from "Forest Deficit" to "Forest Surplus".	511
32.3	Cost of Maintaining Harmony Between Human and Nature	513
32.4	Countermeasures of the Cost of Harmony Between Human and Nature	514
 Summary of China's Cost of Nature Development		
 Part VIII Inspiration of China's Development Cost Theory for China's Development		
33	Indicator System Foundation of Development Cost	521
34	Promote the Enhancement of Total Factor Productivity and Reduce Development Cost	525
35	Benchmarking of Scientific Achievement View	527
