

# Contents

## **Part I Introduction to Supramolecular Chemistry and Biomimetic Systems**

- 1 Molecular Biomimetics and Molecular Assembly** . . . . . 3  
Junbai Li
- 2 Advantages of Self-assembled Supramolecular Polymers Toward Biological Applications** . . . . . 9  
Michal Halperin-Sternfeld, Moumita Ghosh  
and Lihi Adler-Abramovich

## **Part II Biomimetic Membranes**

- 3 Nanoarchitectonics of Biomimetic Membranes** . . . . . 39  
Katsuhiko Ariga

## **Part III Biomolecules Based Molecular Assembly**

- 4 Polysaccharides-Based Microcapsules** . . . . . 63  
Yi Jia, Xiyun Feng and Junbai Li
- 5 Hemoglobin-Based Molecular Assembly** . . . . . 85  
Li Duan, Yi Jia and Junbai Li
- 6 Photosystem II Based Multilayers** . . . . . 109  
Peng Cai, Guangle Li, Jiao Li, Yi Jia, Zhongfeng Zhang and Junbai Li
- 7 Peptide-Based Supramolecular Chemistry** . . . . . 135  
Qianli Zou, Kai Liu, Manzar Abbas and Xuehai Yan
- 8 Functional Nanomaterials Via Self-assembly Based Modification of Natural Cellulosic Substances** . . . . . 165  
Shun Li, Yuanqing Gu and Jianguo Huang

## **Part IV Molecular Assembly of Motor Proteins and Artificial Micro-/Nanomotors**

- 9 Directional Transportation of Assembled Molecular Linear Motors** ..... 205  
Ning Zhang and Xiang-Dong Li
- 10 Reconstitution of Motor Protein ATPase** ..... 237  
Mingjun Xuan, Yi Jia and Junbai Li
- 11 Controlled Molecular Assembly Toward Self-propelled Micro-/Nanomotors** ..... 259  
Xiankun Lin, Zhiguang Wu and Qiang He

## **Part V Hierarchical Dendrimer, Polyoxometalates Complexes and Inorganic-organic Hybrid Systems**

- 12 Functional Dendrimer-Based Vectors for Gene Delivery Applications** ..... 285  
Lingdan Kong and Xiangyang Shi
- 13 Polyoxometalates and Their Complexes Toward Biological Application** ..... 311  
Lixin Wu and Jing Liang
- 14 Inorganic-Organic Hybrid Materials Based on Nanopolyoxometalates** ..... 355  
Yitong Wang and Jingcheng Hao

Supramolecular Chemistry of Biomimetic Systems

Li, J. (Ed.)

2017, IX, 394 p. 168 illus., 113 illus. in color., Hardcover

ISBN: 978-981-10-6058-8
