

Contents

1	Definitions and Motivations	1
1.1	Generalized Inverses: Definitions and Applications	1
1.2	Drazin Inverse and Generalized Drazin Inverse: Definitions and Applications	3
	References.	5
2	Reverse Order Law	11
2.1	Reverse Order Laws for $\{1\}$ -Inverses.	12
2.2	Reverse Order Laws for $\{1, 2\}$ -Inverses	20
2.3	Reverse Order Laws for $\{1, 3\}$ and $\{1, 4\}$ -Inverses	32
2.4	Reverse Order Laws for $\{1, 2, 3\}$ and $\{1, 2, 4\}$ -Inverses.	39
2.5	Reverse Order Laws for $\{1, 3, 4\}$ -Generalized Inverses	44
	References.	49
3	Completions of Operator Matrices and Generalized Inverses	51
3.1	Some Specific Problems of Completions of Operator Matrices.	52
3.2	Applications of Completions of Operator Matrices to Reverse Order Law for $\{1\}$ -Inverses of Operators on Hilbert Spaces	61
3.3	Applications of Completions of Operator Matrices to Invertibility of Linear Combination of Operators.	71
3.4	Drazin Invertible Completion of an Upper Triangular Operator Matrix.	81
	References.	87
4	Generalized Inverses and Idempotents	89
4.1	Drazin Invertibility of the Product and Difference of Two Idempotent Operators	89
4.2	Drazin and Generalized Drazin Invertibility of Combinations of Idempotents, Commutators and Anticommutators in Banach Algebra.	93
4.3	Some Results for Idempotent Operators on Banach Spaces	98

4.4	Moore-Penrose Inverse of a Linear Combination of Commuting Generalized and Hypergeneralized Projectors	100
	References.	107
5	Drazin Inverse of a 2×2 Block Matrix.	109
5.1	General Representations for the Drazin Inverse of a 2×2 Block Matrix	110
5.2	Representations for the Drazin Inverse of a 2×2 Block Matrix Involving the Schur Complement	118
5.3	Generalized Drazin Inverse of Operator Matrices on Banach Spaces.	131
5.4	Representations for the Drazin Inverse of the Sum $P + Q + R + S$	145
	References.	157
6	Additive Results for the Drazin Inverse.	159
6.1	Additive Results for the Drazin Inverse	159
6.2	Additive Results for the Generalized Drazin Inverse in Banach Algebra	174
	References.	190
	Index	193

Algebraic Properties of Generalized Inverses

Cvetković-Ilić, D.S.; Wei, Y.

2017, VIII, 194 p., Hardcover

ISBN: 978-981-10-6348-0
