

Contents

1	Introduction	1
	Sutchin R. Patel, Michael E. Moran, and Stephen Y. Nakada	
2	History of Cystoscopy	3
	Michael E. Moran and Friedrich H. Moll	
3	History of Optics in Endourology	21
	Kimberly A. Maciolek and Sara L. Best	
4	Development of the Ureteroscope	37
	Demetrius H. Bagley	
5	Development of Transurethral Resection of the Prostate (TURP)	49
	Richard K. Babayan	
6	History of Transurethral Resection and Fulguration of Bladder Tumors	59
	Harry Herr	
7	The Birth of Endourology	69
	Arthur D. Smith	
8	History of the Development of Guidewires, Access Sheaths, Baskets, and Ureteral Stents	79
	Natalia Hernandez Bustos, Alan Yaghoubian, Sarah Mozafarpour, and Brian Eisner	
9	History of Laser Lithotripsy	87
	Paul Bower and Gyan Pareek	
10	History and Development of Lasers in the Treatment of BPH	97
	Johann P. Ingimarsson and Amy E. Krambeck	
11	The History of Shockwave Lithotripsy	109
	Christian G. Chaussy	

12	The History and Development of Percutaneous Nephrolithotomy . . .	123
	Sutchin R. Patel and Stephen Y. Nakada	
13	A Brief History of Radiological Imaging and Its Application in Urology	133
	Lori Mankowski Gettle and Perry J. Pickhardt	
14	Prostate Cancer and Radiation Therapy: A History	147
	Michael E. Moran	
15	The History of Percutaneous Renal Cryoablation	163
	Sutchin R. Patel and Stephen Y. Nakada	
16	Radiofrequency Ablation in the Treatment of Renal Tumors	177
	Emily F. Kelly and Raymond J. Leveillee	
17	History and Development of Prostate Cryoablation	199
	R. Joseph Babaian	
18	History of Laparoscopic Renal Surgery	211
	Louis R. Kavoussi	
19	The Development of Hand-Assist Laparoscopy	217
	John Roger Bell and Stephen Y. Nakada	
20	History and Development of Robotics in Urology	229
	Gabriel Ogaya-Pinies, Hariharan Palayapalayam Ganapathi, Travis Rogers, and Vipul Patel	
21	History of NOTES and LESS	243
	Surayne Segaran and Abhay Rane	
22	The History of Focused Ultrasound Therapy in Urology	251
	Albert Gelet, Sebastien Crouzet, Olivier Rouviere, Emmanuel Blanc, and Jean-Yves Chapelon	
23	Development and Application of Histotripsy	269
	William W. Roberts	
24	Nanotechnology in Urology: History of Development and Applications in Urology	279
	James Liu and Benjamin R. Lee	
25	History and Development of Regenerative Medicine and Tissue Engineering in Urology	289
	Michael B. Rothberg and Anthony Atala	
26	A Physician's Guide to Navigating the Patent Process	319
	Hannah Koyfman	
27	Future Directions	329
	Sutchin R. Patel, Michael E. Moran, and Stephen Y. Nakada	
	Index	333

The History of Technologic Advancements in Urology

Patel, S.; Moran, M.E.; Nakada, S.Y. (Eds.)

2018, VIII, 341 p. 127 illus., 95 illus. in color., Hardcover

ISBN: 978-3-319-61689-6
