

Contents

Why Deep Neural Networks: A Possible Theoretical Explanation	1
Chitta Baral, Olac Fuentes and Vladik Kreinovich	
Abstract Argumentation Frameworks to Promote Fairness and Rationality in Multi-experts Multi-criteria Decision Making	7
Stefano Bistarelli, Martine Ceberio, Joel A. Henderson and Francesco Santini	
Constraint Approach to Multi-objective Optimization	21
Martine Ceberio, Olga Kosheleva and Vladik Kreinovich	
From Global to Local Constraints: A Constructive Version of Bloch's Principle	27
Martine Ceberio, Olga Kosheleva and Vladik Kreinovich	
Optimizing $\text{pred}(25)$ Is NP-Hard	33
Martine Ceberio, Olga Kosheleva and Vladik Kreinovich	
Range Estimation Under Constraints Is Computable Unless There Is a Discontinuity	39
Martine Ceberio, Olga Kosheleva and Vladik Kreinovich	
Towards a Physically Meaningful Definition of Computable Discontinuous and Multi-valued Functions (Constraints)	45
Martine Ceberio, Olga Kosheleva and Vladik Kreinovich	
Algebraic Product is the only T-norm for Which Optimization Under Fuzzy Constraints is Scale-Invariant	51
Juan Carlos Figueroa-García, Martine Ceberio and Vladik Kreinovich	
Comparing Operation Points in Linear Programming with Fuzzy Constraints	55
Juan Carlos Figueroa-García, Germán Hernández-Pérez and Dusko Kalenatic	

On Modeling Multi-experts Multi-criteria Decision-Making Argumentation and Disagreement: Philosophical and Computational Approaches Reconsidered	67
Luciana Garbayo, Martine Ceberio, Stefano Bistarelli and Joel Henderson	
Positive Semidefiniteness and Positive Definiteness of a Linear Parametric Interval Matrix	77
Milan Hladík	
Automatic Loop-Shaping of H_∞/μ Problem in QFT Using Interval Consistency Based Hybrid Optimization	89
R. Jeyasenthil, P.S.V. Nataraj and Harsh Purohit	
Existence of the Nash-Optimal Strategies in the Meta-Game	95
Vyacheslav V. Kalashnikov, Vladimir A. Bulavsky and Nataliya I. Kalashnykova	
Peak-End Rule: A Utility-Based Explanation	101
Olga Kosheleva, Martine Ceberio and Vladik Kreinovich	
Similarity Approach to Defining Basic Level of Concepts Explained from the Utility Viewpoint	107
Joe Lorkowski and Martin Trnecka	
Comparisons of Measurement Results as Constraints on Accuracies of Measuring Instruments: When can we Determine the Accuracies from These Constraints?	113
Christian Servin and Vladik Kreinovich	
Dow Theory's Peak-and-Trough Analysis Justified	123
Chrysostomos D. Stylios and Vladik Kreinovich	

Constraint Programming and Decision Making: Theory
and Applications

Cebero, M.; Kreinovich, V. (Eds.)

2018, XII, 128 p. 7 illus., 1 illus. in color., Hardcover
