<b>1</b>	<b>Introduction to Holism</b>	<b>1</b>
	Defining Holistic Child Health	2
	Holism and Health: A Historical Overview	3
	Holism in the 20th Century	5
	Holism and Reductionism: Complementary Approaches to Health	6
	Contemporary Applications of the Theory of Holism to Health	7
	Health Education	7
	Health Promotion	7
	Health Policy	8
	Health Research	9
	Drawing Boundaries Around Holism	9
	Two Challenges Surrounding Research Related to Holistic	
	Child Health	10
	Our Hopes for This Small Book	11
	References	12
<b>2</b>	<b>Child Perceptions of Health</b>	<b>15</b>
	Child Perceptions of Health: A Qualitative Study	16
	Definitions of Health	17
	Modelling Health Step 1: “What Does Health Look like	
	in a Whole Person?”	17
	Modelling Health Step 2: Organizing the Aspects of Health	
	into Categories	18
	Modelling Health Step 3: Organizing the Categories into	
	the Health of a Whole Person	18
	Health Is Different for Everyone?	19
	Using Metaphors as a Framework for Talking About Health	20
	Health Is a Cake	21
	Health Is a House	23

Health Is a Maze . . . . .	24
Health Is a Web . . . . .	25
Summary Insights About Metaphors . . . . .	25
Bridging Back to Holism . . . . .	27
References. . . . .	29
<b>3 Metaphors and Child Health . . . . .</b>	<b>31</b>
Using Children's Drawing of Metaphors to Explore Holistic Health:	
A Qualitative Study. . . . .	33
Brief Methods . . . . .	33
Introducing Metaphors . . . . .	34
Drawing Health Step 1: Draw Your Health. . . . .	34
Drawing Health Step 2: Adding the Research Base . . . . .	39
Application of Research to Individual Metaphors of Health . . . . .	40
Reflection on the Introduction of This Research Base. . . . .	43
Drawing Health Step 3: Holistic Conceptions of Health . . . . .	44
Holistic Health: Towards an Ecological Model . . . . .	47
A Strength and a Caution . . . . .	48
References. . . . .	49
<b>4 Testing the Theory of Holism in Child Health Settings Using</b>	
<b>Quantitative Approaches. . . . .</b>	<b>51</b>
Our Quantitative Research Opportunity. . . . .	52
Example 1: Analysing Family Systems Through a Holistic	
Measure . . . . .	53
How Does This Analysis Reflect Holistic Thinking? . . . . .	56
Example 2: Analysis of Child Risk-taking Through a Holistic	
Measure . . . . .	57
How Does This Analysis Reflect Holistic Thinking? . . . . .	61
Example 3: Creating a Holistic Measure for the Assessment	
of Child Health Status. . . . .	61
How Does This Analysis Reflect Holistic Thinking? . . . . .	64
Example 4: Self-rated Health . . . . .	65
Conclusion: How Do All of These Analyses Reflect Holistic	
Thinking? . . . . .	65
References. . . . .	67
<b>5 Integration of Findings . . . . .</b>	<b>69</b>
Triangulation of Findings . . . . .	70
Summary of Integration and Identification of Meta-Themes . . . . .	76
Meta-theme 1: Holistic Thinking Makes a Valuable	
Contribution to Child Health. . . . .	77
Meta-theme 2: Holistic Thinking Has Practical Utility	
for Child Health . . . . .	77
Meta-theme 3: Holistic Thinking Helps Respect the Need	
for Balance in All Aspects of Health . . . . .	77

Practical Applications for Holism and Child Health . . . . .	78
Implications for Health Education . . . . .	78
Implications for Health Research and Assessment. . . . .	80
Wider Implications . . . . .	82
Strengths and Challenges of this Integration Protocol . . . . .	84
Conclusion . . . . .	84
References. . . . .	87
<b>Appendix A: Full Methods for “Child Perceptions of Health”</b>	
Qualitative Study (Chapter 2) . . . . .	89
<b>Appendix B: Full Methods for “Children’s Drawings</b>	
<b>of Metaphors” Qualitative Study (Chapter 3). . . . .</b>	<b>95</b>
<b>Appendix C: Full Methods for Quantitative Analyses (Chapter 4) . . . . .</b>	<b>101</b>

Holistic Health in Children: Conceptualization,  
Assessment and Potential

Michaelson, V.E.; Nathan King, N.K.; Pickett, W.

2018, IX, 104 p. 25 illus., 5 illus. in color., Softcover

ISBN: 978-3-319-64830-9
