# Contents

## Part I Clinical Fundamentals

- 1 Venous Anatomy, Development, and Variations. . . . . 3**  
Joann M. Lohr and Nicolas J. Mouawad
- 2 Venous Physiology and Pathophysiology . . . . . 23**  
James Laredo and Byong Boong Lee
- 3 Diagnostic Imaging for Veins . . . . . 37**  
Fedor Lurie, Jihad T. Abbas, and John H. Fish III
- 4 Evaluation of Edema of the Extremity . . . . . 51**  
John H. Fish III and Fedor Lurie
- 5 Compression Therapy in Venous Disease . . . . . 65**  
Robert R. Attaran and Cassius Iyad Ochoa Char

## Part II Venous Insufficiency

- 6 Clinical Presentation of Venous Insufficiency . . . . . 77**  
Lisa E. Amatangelo and M. Emily Wilcox Cummings
- 7 Open Surgical Treatment of Superficial Reflux. . . . . 87**  
Andreas M. Lazaris and George Geroulakos
- 8 Laser Ablation for Venous Reflux . . . . . 103**  
Mikel Sadek and Lowell S. Kabnick
- 9 Radiofrequency Ablation for Lower Extremity  
Venous Reflux . . . . . 115**  
John Blebea and Zhamak Khorgami
- 10 Mechanochemical Ablation of Superficial Veins . . . . . 133**  
Afsha Aurshina and Cassius Iyad N. Ochoa Char
- 11 Endovenous Sealing of Superficial Veins . . . . . 145**  
Roshan Bootun, Tristan R.A. Lane, Ian J. Franklin,  
and Alun H. Davies
- 12 Sclerotherapy. . . . . 153**  
Kathleen Gibson
