

Contents

1	Introductory Overview of the Projected Distress	1
	Samiha A.H. Ouda and Abd El-Hafeez Zohry	
	Introduction	2
	Conclusion	5
	References	6
2	Water Requirements for Prevailing Cropping Pattern	9
	Samiha A.H. Ouda and Abd El-Hafeez Zohry	
	Introduction	9
	Agroclimatic Zones of Egypt	10
	Water Requirements for the Prevailing Cropping Pattern	11
	Conclusion	19
	References	19
3	Prevailing Cropping Pattern	21
	Abd El-Hafeez Zohry and Samiha A.H. Ouda	
	Introduction	21
	The Prevailing Cropping Pattern	22
	First Agroclimatic Zone	22
	Second Agroclimatic Zone	24
	Third Agroclimatic Zone	26
	Fourth Agroclimatic Zone	28
	Fifth Agroclimatic Zone	30
	Conclusion	34
	References	35
4	Cropping Pattern to Increase Food Security	37
	Abd El-Hafeez Zohry and Samiha A.H. Ouda	
	Introduction	37
	Increasing the Production of Major Crops Through Polycropping	39
	Effect of Intercropping Techniques	39

Cultivation of Three Crops Per Year	46
Suggested Cropping Pattern that Increases Food Security	47
Conclusion	49
References	49
5 Cropping Pattern to Face Water Scarcity	51
Samiha A.H. Ouda and Abd El-Hafeez Zohry	
Introduction	51
Effect of Water Stress on Crops	53
Effect of Water Stress on Wheat	53
Effect of Water Stress on Maize	54
Effect of Water Stress on Faba Bean	54
Effect of Water Stress on Cotton	54
Effect of Water Stress on Rice	55
Effect of Water Stress on Sugarcane	55
Suggested Cropping Pattern to Face Water Scarcity	56
Conclusion	61
References	62
6 Cropping Pattern to Face Salinity Stress	65
Abd El-Hafeez Zohry and Samiha A.H. Ouda	
Introduction	65
Effect of Salinity on Crops Productivity	67
Effect of Water and Salinity Stresses	69
Management of Salinity	69
Suggested Crop Rotations	70
Crop Rotation Suitable for Low Salinity Level	71
Crop Rotation Suitable for Medium Salinity Level	71
Crop Rotation Suitable for High Salinity Level	71
Cropping Pattern that Faces Salinity Stress	72
Conclusion	76
References	76
7 Future Water Requirements for Prevailing Cropping Pattern	79
Mostafa Morsy and Samiha A.H. Ouda	
Introduction	79
Effect of Climate Change on Soil Temperature	81
Soil Temperature in the Agro-Climatic Zones of Egypt	81
Effect of Climate Change on Soil Moisture	83
Effect of Climate Change on Evapotranspiration	85
Effect of Climate Change on Crops Water Requirements	85
Conclusion	87
References	87

8 Cropping Pattern to Face Climate Change Stress	89
Samiha A.H. Ouda and Abd El-Hafeez Zohry	
Introduction	89
Heat Stress Resulted from Climate Change	90
Effect of Climate Change on Crops Productivity	92
Effect of Climate Change on the Soil	93
Effect of Climate Change on Soil Temperature and Seed Germination	94
Projected Cropping Pattern Under Climate Change	95
Increasing Resilience of the Cropping Pattern to Climate Change	96
Conclusion	99
References	100
9 Cropping Index Under Proposed Cropping Patterns	103
Abd El-Hafeez Zohry and Samiha A.H. Ouda	
Introduction	103
Cropping Index for the Prevailing Cropping Pattern	104
Cropping Index for Cropping Pattern that Increases Food Security	105
Cropping Index for Cropping Pattern that Faces Water Scarcity	107
Cropping Index for Cropping Pattern that Faces Salinity Stress	108
Cropping Index for Cropping Pattern that Faces Climate Change Stress	111
Conclusion	111
References	111

Cropping Pattern Modification to Overcome Abiotic
Stresses

Water, Salinity and Climate

Ouda, S.; Zohry, A.E.-H.; Morsy, M.

2018, VII, 111 p. 11 illus. in color., Softcover

ISBN: 978-3-319-69879-3
