

Contents

1	Introduction	1
1.1	Stochastic Processes	1
1.1.1	Poisson Process	2
1.1.2	Renewal Process	6
1.1.3	Cumulative Process	8
1.2	Damage Models	10
1.2.1	Cumulative Damage Model	10
1.2.2	Independent Damage Model	12
1.2.3	Continuous Damage Model	13
1.2.4	Markov Chain Model	13
1.3	Problem 1	15
2	Standard Replacement Policies	17
2.1	Three Replacement Policies	18
2.1.1	Optimum Policies with One Variable	21
2.1.2	Optimum Policies with Two Variables	24
2.1.3	Poisson Shock Times	29
2.2	Random Failure Levels	40
2.3	Double Failure Modes	43
2.4	Problem 2	46
3	Replacement Last Policies	49
3.1	Three Replacement Policies	50
3.2	Optimum Policies	53
3.3	Comparisons of Replacement First and Last	57
3.4	Numerical Examples	65
3.5	Problem 3	68

4	Replacement Overtime and Middle Policies	71
4.1	Replacement Overtime Policies	72
4.1.1	Optimum Policies	72
4.1.2	Comparisons of Replacement First and Overtime	76
4.1.3	Numerical Examples	79
4.2	Replacement Middle Policies	82
4.2.1	Model I	85
4.2.2	Model II	88
4.2.3	Other Models	92
4.3	Problem 4	96
5	Replacement Policies with Repairs	97
5.1	Three Replacement Policies	98
5.1.1	Optimum Policies with One Variable	100
5.1.2	Optimum Policies with Two Variables	103
5.2	Replacement Last Policies	106
5.2.1	Optimum Policies	108
5.2.2	Comparisons of Replacement First and Last	111
5.3	Replacement Overtime First	113
5.4	Replacement Overtime Last	118
5.5	Replacement Middle Policies	121
5.6	Problem 5	126
6	Replacement Policies with Maintenances	127
6.1	Replacement First with Shock Number	128
6.1.1	Replacement First	128
6.1.2	Replacement Overtime First	132
6.2	Replacement Last with Shock Number	135
6.2.1	Replacement Last	135
6.2.2	Replacement Overtime Last	138
6.3	Replacement Policies with Failure Number	141
6.4	Replacement Overtime with Failure Number	145
6.5	Nonhomogeneous Poisson Shock Times	148
6.6	Problem 6	149
7	Replacement Policies with Independent Damages	151
7.1	Replacement First and Last	152
7.2	Replacement Overtime First	162
7.2.1	Replacement Overtime for Independent Damage	162
7.2.2	Replacement Overtime for Additive Damage	166
7.3	Replacement Overtime Last	169
7.3.1	Replacement Overtime for Independent Damage	169
7.3.2	Replacement Overtime for Additive Damage	171
7.4	Additive and Independent Damages	173
7.5	Problem 7	180

8 Database Maintenance Models	183
8.1 Defragmentation Models	184
8.1.1 Defragmentation First	184
8.1.2 Defragmentation Last	190
8.1.3 Defragmentation Overtime	192
8.2 Database Backup Model	195
8.2.1 Backup First	196
8.2.2 Backup Last	202
8.2.3 Backup Overtime	205
8.2.4 Backup Overtime First and Last	209
8.3 Problem 8	215
9 Other Maintenance Models	217
9.1 Periodic Damage Models	218
9.1.1 Standard Replacement Policies	218
9.1.2 Replacement with Repairs	219
9.1.3 Replacement with Maintenances	220
9.1.4 Additive and Independent Damages	221
9.2 Imperfect Preventive Maintenance Policies	222
9.2.1 Periodic Preventive Maintenance	222
9.2.2 Sequential Preventive Maintenance	225
9.3 Continuous Damage Models	231
9.3.1 Age Replacement Policy	232
9.3.2 Replacement First, Last and Overtime	234
9.4 Markov Chain Models	236
9.4.1 Simple Model	237
9.4.2 General Model	239
9.5 Problem 9	241
Appendix	243
References	283

Advanced Maintenance Policies for Shock and Damage
Models

Zhao, X.; Nakagawa, T.

2018, XI, 285 p., Hardcover

ISBN: 978-3-319-70454-8
