

# Preface

This volume composes the proceedings of First International Conference on Smart Vehicular Technology, Transportation, Communication and Applications (VTCA 2017), which is hosted by Fujian University of Technology and is held in Kaohsiung, Taiwan, on November 6–8, 2017. VTCA 2017 is technically co-sponsored by Springer, Fujian University of Technology, Fujian Provincial Key Laboratory of Digital Equipment, Fujian Provincial Key Lab of Big Data Mining and Applications, and National Kaohsiung University of Applied Sciences in Taiwan. It aims to bring together researchers, engineers, and policymakers to discuss the related techniques, to exchange research ideas, and to make friends.

Forty-seven excellent papers were accepted for the final proceeding. We would like to thank the authors for their tremendous contributions. We would also express our sincere appreciation to the reviewers, Program Committee members, and the Local Committee members for making this conference successful. Finally, we would like to express special thanks for the financial support from Fujian University of Technology, China, in making VTCA 2017 possible and also appreciate the great help from National Kaohsiung University of Applied Science for the local organization.
