Part I Experiences of VGI Creation & Exploitation for Citizen Science Projects

Mapping Parties at FOSS4G Europe: Fun, Outcomes and Lessons Learned 3

Maria Antonia Brovelli, Peter Mooney, Ludovico Biagi, Marco Brambilla, Irene Celino, Eleonora Ciceri, Nicola Dorigatti, Haosheng Huang, Marco Minghini and Vijaycharan Venkatachalam

Crowdsourcing to Enhance Insights from Satellite Observations 35

Suvodeep Mazumdar, Stuart N. Wrigley, Fabio Ciravegna, Camille Pelloquin, Sam Chapman, Laura De Vendictis, Domenico Grandoni, Michele Ferri and Luca Bolognini

Can VGI and Mobile Apps Support Long-Term Ecological Research? A Test in Remote Areas of the Alps 53

Laura Criscuolo, Paola Carrara, Alessandro Oggioni, Alessandra Pugnetti and Massimo Antoninetti

Part II Methods and Techniques for VGI Creation, Management and Analytics

Toward Citizen-Edited Image-Populated Ontologies for Earth Observation—A Position Paper 73

Robert Laurini and Imed Riadh Farah

A Network of Low-Cost Air Quality Sensors and Its Use for Mapping Urban Air Quality 93

Philipp Schneider, Nuria Castell, Franck R. Dauge, Matthias Vogt, William A. Lahoz and Alena Bartonova

The Urban Nexus Project: When Urban Mobility Analysis, VGI and Data Science Meet Together	111
Federica Burini, Daniele E. Ciriello, Alessandra Ghisalberti and Giuseppe Psaila	
 Part III VGI Quality and its Management and Assessment	
A Chimera of VGI, Citizen Science and Mobile Devices	133
Vyron Antoniou	
Volunteered Metadata, and Metadata on VGI: Challenges and Current Practices	151
Lucy Bastin, Sven Schade and Peter Mooney	
Data Quality Assessment in Volunteered Geographic Decision Support	173
Guy De Tré, Robin De Mol, Sytze van Heteren, Jan Stafleu, Vasileios Chademenos, Tine Missiaen, Lars Kint, Nathan Terseleer and Vera Van Lancker	
VGI Imperfection in Citizen Science Projects and Its Representation and Retrieval Based on Fuzzy Ontologies and Level-Based Approximate Reasoning	193
Gloria Bordogna, Cristiano Fugazza and Alessandro Oggioni	

Mobile Information Systems Leveraging Volunteered
Geographic Information for Earth Observation
