
Contents

1	Overview of the Chinese History During the Past 300 Years	1
1.1	China Incorporating into the World	1
1.2	Succession of Dynasties	2
1.2.1	Qing Dynasty (1644–1911)	2
1.2.2	The Republic of China (1912–1949)	5
1.2.3	The People’s Republic of China (1949–Now)	6
1.3	Economic and Social Development	7
1.3.1	Economic and Social Development in Qing Dynasty	7
1.3.2	Economic and Social Development in the Republic of China	11
1.3.3	Economic and Social Development in the People’s Republic of China	14
1.4	Evolution of Land-Use Related Social and Economic Policies in China	15
1.4.1	Historical Land Policies	15
1.4.2	Historical Population Policies	17
1.4.3	Historical Economic Policies	19
	References	25
2	Review on China’s Spatially-Explicit Historical Land Cover Datasets and Reconstruction Methods	27
2.1	Statistical Analysis of Historical Land Use Based on Literature Review	27
2.1.1	Statistical Analysis of Literature Quantity	27
2.1.2	Statistics of Research Hotspots and Frontier Direction	28
2.2	Outline of Reconstructing Spatial Historical Land Cover	32
2.2.1	Reconstruction Ideology	32
2.2.2	Assumptions for Spatial Pattern Reconstruction	32
2.3	Historical Spatial Pattern Reconstruction Methodology	33
2.3.1	Reconstruction Based on Historical Records	33
2.3.2	Reconstruction Based on a Spatial Model	34
2.4	Reconstruction Verification	36
2.4.1	Direct Verification	36
2.4.2	Indirect Verification	37
2.5	Representative Historical LUCC Datasets	38
2.5.1	Representative Global Historical LUCC Datasets	38
2.5.2	Typical Historical Land Cover Datasets in China	38
	References	41
3	Study Area and Data Source	43
3.1	Study Area	43
3.1.1	Topography	43
3.1.2	Climate	44
3.1.3	Soil	46
3.1.4	River	47

3.1.5	Vegetation	48
3.1.6	Land Use and Land Cover	49
3.2	Expansion Process of Land Reclamation	49
3.3	Changes in Administrative Boundaries and Select Spatial-Temporal Scale	52
3.3.1	Changes in Administrative Boundaries	52
3.3.2	Selected Spatial-Temporal Scale	53
3.4	Climate Change and Natural Disasters	54
3.4.1	Climate Change and Agriculture	54
3.4.2	Natural Disasters	56
3.5	Typical Study Area	60
3.6	Data Source	62
	References	62
4	The Spatial-Temporal Pattern of Population Changes in China in the Past 300 Years	65
4.1	Data Sources and Proceeding	66
4.1.1	Population Data Sources and Processing	66
4.1.2	Other Data Sources and Processing	66
4.2	Methodology	67
4.2.1	Population Distribution Structure Index	67
4.2.2	Population Distribution Gravity Center	67
4.2.3	Spatial Autocorrelation Analysis	67
4.3	Results	69
4.3.1	Total Population and Growth Rate Changes	69
4.3.2	Population Distribution Evolution	71
4.3.3	Global Spatial Autocorrelation of Population Density	72
4.3.4	Local Spatial Autocorrelation of Population Density	72
4.4	Summary	75
	References	75
5	Farmland Dataset Reconstruction in the Past 300 Years in China	77
5.1	Data and Methodology	78
5.1.1	Data Collection	78
5.1.2	Administrative Boundaries Adjustment	81
5.2	Results of Farmland Data Reconstruction	83
5.2.1	Farmland Data Reconstruction in Past 300 Years	83
5.2.2	Phases of Farmland Changes in China	83
5.2.3	Land Use Changes at the Provincial Level	85
5.3	Comparison with Other Reconstructed Farmland Datasets	88
5.4	Summary	90
	References	91
6	Reconstruction Spatial-Temporal Pattern of Historical Farmland Based on Bottom-up Methodology	93
6.1	Reconstruction Historical Farmland Based on Constrained CA	93
6.1.1	Constrained CA Model	93
6.1.2	Data Preparing for Constrained CA Model	97
6.1.3	Results from Constrained CA Model	99
6.2	Reconstruction Historical Farmland Based on Multi-agent Model	101
6.2.1	Multi-agent Model	101
6.2.2	Data Preparing for MAS Model	105
6.2.3	Results from MAS Model	107

6.3	Comparative Analysis.	107
6.3.1	Analysis of Simulation Accuracy.	107
6.3.2	Analysis of Simulation Spatial Pattern	109
6.3.3	Analysis of Consuming Time	113
6.4	Summary	113
	References	114
7	Farmland Spatial Pattern Reconstruction	
	in the Past 300 Years in China	117
7.1	Methodology.	117
7.1.1	Overview	117
7.1.2	Provincial Farmland Amounts.	118
7.1.3	Modeling	118
7.1.4	Model Calibration and Validation	122
7.1.5	Model Operation	122
7.2	Reconstruction of Historical Spatial Pattern of Farmland in China	122
7.2.1	Quantization and Identification of Parameters	122
7.2.2	Parameters Calibration	125
7.2.3	Results and Analysis	127
7.2.4	Results.	127
7.3	Discussions.	130
7.4	Summary	132
	References	133
8	Conclusions and Research Prospects	135
8.1	Conclusions	135
8.2	Research Prospects.	136
	Appendix: Great Events in China and Overseas in the Past.	137

Historical Farmland in China During 1661-1980

Reconstruction and Spatiotemporal Characteristics

Jin, X.; Zhou, Y.; Yang, X.; Cheng, Y.

2018, XI, 138 p. 60 illus., 49 illus. in color., Hardcover

ISBN: 978-3-319-71878-1
