

Contents

Part I A General Introduction of Chinese Mathematics Education

- 1 **Mathematics Education of Chinese Communities from the Perspective of International Studies of Mathematics Achievement** 3
Frederick K.S. Leung
- 2 **Chinese Mathematics Education System and Mathematics Education Tradition** 27
Dai Qin
- 3 **Chinese Mathematics Curriculum Reform in the Twenty-First Century** 53
Lidong Wang, Qimeng Liu, Xiaofeng Du and Jian Liu
- 4 **Education Equity in China: An Analysis of Local and Migrant Students' Mathematics Learning in Shanghai** 73
Yan Zhu
- 5 **Shadow Education of Mathematics in China** 93
Lidong Wang and Kan Guo

Part II Mathematical Curriculum and Textbook

- 6 **Developments and Changes in the Primary School Mathematics Curriculum and Teaching Material in China** 107
Beibei Ye
- 7 **The Development of Mathematics Curriculum and Teaching Materials in Secondary Schools in the Second Half of the Twentieth Century** 127
Shi-hu Lv and Chun-yan Cao

- 8 The Evolution of Mathematics Curriculum and Teaching Materials in Secondary Schools in the Twenty-First Century** 147
Shi-hu Lv and Chunyan Cao
- 9 Features and Characteristics of Chinese New Century Mathematics Textbooks** 171
Haidong Li and Na Li

Part III Mathematical Classroom Instruction

- 10 A Study of Mathematics Classroom Teaching in China: Looking at Lesson Structure, Teaching and Learning Behavior** 195
Yiming Cao, Lianchun Dong and Xinlian Li
- 11 Task Design in Mathematics Classrooms** 223
Zhenhong Shao
- 12 The Design and Implementation of the Mathematics Teaching Goal** 239
Dianshun Hu, Ke Ye and Jing Wang
- 13 Integration of Information Technology (IT) and the Mathematics Curriculum** 259
Nan Zhang, Rui Yang, Yanyun Liu, Jiushi Zhou and Guangming Wang
- 14 Chinese Mathematics Teaching Methods Reform in the 21st Century** 279
L. Wu, J. Zhou and G. Wang

Part IV Mathematical Learning

- 15 A Case Study of Transformation of Students with Mathematics Learning Difficulties** 293
Yufeng Guo and Guowen Yu

Part V The Professional Development of Mathematical Teachers

- 16 School-Based Professional Development of Mathematics Teachers in China** 319
Yiming Cao and Xinlian Li
- 17 Pre-service Mathematics Teacher Education** 339
Li Tong and Xinrong Yang
- 18 Post-service Education of Mathematical Teachers** 367
Xiaoya He

19 A Study of the Status of Teacher’s Professional Knowledge 391
Jiwei Han, Qiong Wu, Xinxin Ji and Lijuan Wu

20 Chinese Teachers’ Beliefs About Mathematics Teaching 413
Shengying Xie and Jinfa Cai

Part VI The Evaluation of Mathematics Education

**21 The Assessment of Mathematics Classroom Instruction in
Primary and Secondary Schools 431**
Lianhua Ning

22 Primary and Secondary Mathematics Selective Examinations 453
Rongbao Tu

**23 Practice and Theoretical Thinking in Constructing a
Developmental Assessment System for Mathematics Ability 479**
Chunli Zhang

The 21st Century Mathematics Education in China

Cao, Y.; Leung, F.K.S. (Eds.)

2018, XI, 493 p. 71 illus., Hardcover

ISBN: 978-3-662-55779-2
