Case I: 3DMed: An R&D Platform for Personalised Precision	
Anti-cancer Drugs	1
Overview of Anti-cancer Drug R&D	1
History of Anti-cancer Drug R&D	2
From R&D to Launch.	4
The Biopharmaceutical Industry Chain	6
Analysis of Global Market Potential	7
Analysis of Chinese Market Potential	7
The Start-Up Decision	9
The Early Years: Accumulating Knowledge	9
Forecast of Market Trends	9
Back to the Homeland	10
The Start-Up's Focus	11
Individualised Precision Treatment	11
Large-Scale Drug Screening Model.	11
Next-Generation Sequencing (NGS)	12
Big Data Processing	15
The Start-Up Process	15
Founding the Company.	15
The Entrepreneurial Team.	16
Accumulating Resources	18
Angel Round of Financing	19
Technological Innovation	20
The Business Value of 3DMed.	20
Providing New Drug R&D Services	20
Building a Drug R&D Platform	21
Changing Clinical Diagnostics Models	22

Future Challenges Facing 3DMed.	22
Sustainable and High R&D Investment.	23
Putting a Team Together After Strategic Transformation	23
Cultivating Customers in a Changing Industry	25
Case Analysis I.	26
Case Analysis II	27
Case Analysis III	29
References	30
Case II: Micro Platform, Major Innovation—WeChat-Based	
Ecosystem of Innovation.	33
Precision Innovation and Rapid Iteration	33
Methodology of “Micro Innovation”.	36
A Decentralized Organizational Structure	37
Small Teams Led by Project Managers.	37
Innovate and Rapidly Iterate by Keeping Abreast of the Times	37
Less Is More and Reverse Iteration.	38
Dynamic Management and Targets for Different Stages	38
Open Interfaces and Set up the Platform.	38
Innovation of Platform Service	38
An O2O Closed Loop Formed by WeChat Payment	41
Global Positioning and Globalization	43
Mass Innovation Inspired by the Official Account Platform	44
Case Analysis I.	47
Case Analysis II	49
References	52
Case III: SHANGHAI GM: The Way to Intelligent	
Manufacturing.	53
SHANGHAI GM	53
Intelligent Manufacturing	54
What is Intelligent manufacturing?	54
Development at the State-Level Strategy.	56
Intelligent Manufacturing Development in Automobile Industry.	58
SGM: Informatization	60
SGM: Automation.	62
Case Analysis I.	63
Case Analysis II	65
References	67
Case IV: Can Robots Raise Laying Hens?	69
Beijing CP Eggs Co., Ltd.	70
Why Did CP Eggs Let Robots Raise Hens?	71
Safety	71
Cost and Efficiency	71

Customized Robots	72
Innovating Business Model	74
Four-in-One Model	75
Innovating Process of the Model	76
Case Analysis I	79
Case Analysis II	81
References	82
Case V: Alibaba: A Decade-Long Road to Financial Services	83
Alibaba	83
AliFinance	84
Sail with Wind (2002–2010)	86
