Part I Fundamentals of Emergency Management

1 Overview of Emergency Management	3
1.1 Emergency Response and Emergency Management	3
1.1.1 Definition of Emergency Response	3
1.1.2 Connotations and Objects of Emergency Management	5
1.2 Characteristics and Procedure of Emergency Management	8
1.2.1 Characteristics of Emergency Management	9
1.2.2 Basic Procedure of Emergency Management	10
Bibliography	11
2 Emergency Management System	13
2.1 Emergency Plan Management	13
2.1.1 Procedure for Emergency Plan Management	13
2.1.2 Methodology and Tools for Emergency Plan Management	24
2.2 Emergency Organization Management	38
2.2.1 Emergency Organizational Structure	38
2.2.2 Emergency Organizational Design	48
2.2.3 Emergency Organization Management Based on Modern Management Concepts	57
2.3 Design of Emergency Management Setup	64
2.3.1 Composition of Emergency Management Setup	64
2.3.2 Administrative and Social Responsibility System	67
2.3.3 Event Response, Evaluation, and Recovery System	69
2.3.4 Resource Support and Technical Guarantee System	70
2.3.5 Defense, Refuge, and Rescue System	71

2.4	Emergency Management Mechanism for Unforeseen Events	73
2.4.1	Operation Mechanism	73
2.4.2	Pre-warning Mechanism	88
2.4.3	Emergency Handling Mechanism	91
2.4.4	Post-event Handling Mechanism	92
2.4.5	Evaluation Mechanism	93
2.5	Legal System for Emergency Management	93
2.5.1	Overview of the Emergency Law and Regulation System	93
2.5.2	Characteristics of the Emergency Law and Regulation System	95
2.5.3	Status Quo of China's Emergency Laws and Regulations	96
2.5.4	Experience and Restructuring of the Emergency Law and Regulation System	98
	Bibliography	100
3	Basic Principles for Emergency Management	103
3.1	Emergency Management System	103
3.1.1	Command and Coordination Subsystem	103
3.1.2	Handling and Implementation Subsystem	110
3.1.3	Resource-Guarantee Subsystem	113
3.1.4	Information Management Subsystem	116
3.1.5	Decision-Making Support Subsystem	117
3.2	Emergency Management Strategy	119
3.2.1	Emergency Prevention Strategy	119
3.2.2	Emergency Preparedness Strategy	124
3.2.3	Emergency Response Strategy	129
3.2.4	Recovery and Reconstruction Strategy	136
	Bibliography	142
 Part II Emergency Management Methodology		
4	Emergency Risk Management	147
4.1	Risks and Risk Management	147
4.1.1	Composition and Classification of Risks	147
4.1.2	Connotation and Procedure of Risk Management	151
4.2	Risk Identification	154
4.2.1	Essential Points of Risk Identification	155
4.2.2	Methodology of Risk Identification	156
4.3	Risk Analysis	161
4.3.1	Risk Measurement Techniques	161
4.3.2	Methodology of Risk Evaluation	166

4.4	Risk Management Decisions.	171
4.4.1	Risk Avoidance.	171
4.4.2	Risk Control	172
4.4.3	Risk Transfer	175
	Bibliography	177
5	Emergency Coordination Management	179
5.1	Coordination of Emergency Resource Reserves	179
5.1.1	Emergency Resources	180
5.1.2	Pattern of Emergency Resource Reserves	180
5.1.3	Pattern of Emergency Resource Coordinated Reserves	183
5.2	Coordination of Emergency Resource Allocation	186
5.2.1	Emergency Resource Allocation	186
5.2.2	Model for Emergency Resource Allocation.	187
5.2.3	Model for Emergency Resource Coordinated Allocation	193
5.3	Emergency Information Coordination.	197
5.3.1	Emergency Management Information	197
5.3.2	Emergency Management Information Platform	200
5.3.3	Coordinated Emergency Management System.	205
5.4	Emergency Contractual Coordination	208
5.4.1	Contractual Coordination Theory	208
5.4.2	Horizontal Emergency Contract	212
5.4.3	Vertical Emergency Contract.	216
	Bibliography	220
6	Emergency Crisis Management	223
6.1	Crises and Crisis Management	223
6.1.1	Properties and Classification of Crises	224
6.1.2	Crisis Management	225
6.2	Crisis Management Procedure	227
6.2.1	Crisis Preparedness	228
6.2.2	Crisis Identification	229
6.2.3	Crisis Handling	231
6.2.4	Aftermath Handling.	233
6.3	Crisis Management System.	235
6.3.1	The Government's Role in Crisis Management.	235
6.3.2	The Media's Role in Crisis Management	237
6.3.3	Social Forces.	239
6.3.4	Legal Guarantee	241

6.4	Decision-Making for Crisis Management	242
6.4.1	Characteristics of Crisis Decision-Making.	243
6.4.2	Crisis Decision-Making System	244
6.4.3	Methods for Crisis Decision-Making.	248
	Bibliography	253
7	Emergency Disaster Management	255
7.1	Overview of Meteorological Disasters	255
7.1.1	Natural Disaster System	256
7.1.2	Classification of Meteorological Disasters.	258
7.1.3	Characteristics of Meteorological Disasters.	261
7.2	Monitoring and Evaluation of Meteorological Disasters	264
7.2.1	Monitoring of Meteorological Disasters	264
7.2.2	Evaluation of Meteorological Disasters.	266
7.3	Pre-warning and Prevention of Meteorological Disasters	269
7.3.1	Pre-warning of Meteorological Disasters.	269
7.3.2	Prevention of Meteorological Disasters.	271
7.4	Emergency Disaster Management in the World	274
7.4.1	Emergency Disaster Management in the US	274
7.4.2	Emergency Disaster Management in the UK.	277
7.4.3	Emergency Disaster Management in Japan	280
7.4.4	Emergency Disaster Management in China	283
	Bibliography	289

Modern Emergency Management

Cao, J.; Zhu, L.; Han, H.; Zhu, X.
