Contents

1 Introduction 1
References 7

2 Development of a Mirror-Image Screening System for Chiral Natural Products 11
2.1 Establishment of Screening Process Using Synthetic MDM2 and MDMX Proteins 11
2.1.1 Experimental Section 17
2.2 Development of a Mirror-Image Screening Process by Using Synthetic Proteins 22
2.2.1 Screening of a Virtual Mirror-Image Library of Natural Products 22
2.2.2 Experimental Section 30
References 45

3 Synthesis of Grb2 SH2 Domain Proteins for Mirror-Image Screening Systems 49
3.1 Experimental Section 66
References 75

4 Conclusions 79
