

substance: Eu₂Se₃

property: physical properties

resistivity

ρ	$5 \cdot 10^6 \, \Omega \, \text{cm}$	73B
--------	---------------------------------------	-----

activation energy

E_A	1.02 eV	73B
-------	---------	-----

Seebeck coefficient

S	$700 \, \mu\text{V} \, \text{K}^{-1}$	73B
-----	---------------------------------------	-----
