

Table 20.5 Calibrated yearly fractions of soil organic matter in L-layer and FH-layer that pass through to the next soil organic matter class (see text).

Fractions of soil organic matter passing through to next class ^a [1/yr]													
	Åhe	Sko	Nac	Wal	AuP	MdM	Jez	Sch	AuF	Col	Åhe2	Wal2	Wal3
L-layer	1/6	1/2	1/4	1/5	1/1	1/4	1/4	1/6	1/6	1/4	1/6	1/2	1/2
FH-layer	1/60	1/20	1/90	1/110	1/90	1/1	1/150	1/80	1/20	1/1	1/60	1/70	1/70

^a: at AuP no L layer is present, at MdM and Col no FH layer is present. At these sites the soil organic matter is passed through to the next layer in 1 year.
