

Wildflower Farm

"The Wildflower Source"

Visit Wildflower Farm!

Located high atop the Oak Ridges Moraine, just 45 minutes north of Toronto, for an exceptional wildflower experience! Be inspired by our wildflower display and teaching gardens. Harvest fresh flowers from our gardens. Visit our Gift Barn, overflowing with freshly dried flowers, floral designs and truly exceptional floral and herbal crafts. Floral arrangements custom crafted for any occasion.

Founded in 1988, by the husband and wife team of Paul Jenkins and Miriam Goldberger, Wildflower Farm, has evolved over the years as it meets the needs of the gardening and landscaping marketplace.

Located on a 100 acre property near Schomberg, Ontario, just one half hour north of Toronto, Wildflower Farm has become a popular destination point for many people, from families and friends to charter bus lines, with thousands of people visiting each summer.

The farm currently features over 5 acres of flowers including many display and teaching gardens along with our main "Pick Your Own" production fields which offer over 100 varieties of perennial flowers and grasses along with another 50 or so varieties of annuals.

Our nursery provides gardeners the ability to select their choices from our wide variety of hardy, perennial native wildflowers and grasses and the relaxing, peaceful setting high atop the rolling hills of King Township offers breathtaking views and the opportunity to relax in the shade or have a picnic.

FlowerBarn

Inside, you'll find that our flower barn is crammed to the rafters with elegant floral designs, richly coloured wreaths, fragrant natural gifts, unique hand-made crafts, herbal vinegars, floral jams, folk art, twig furniture and lots of other goodies. Full floral design services are available for weddings and special events.

Drying Loft

While in the Flower Barn, sneak upstairs to our flower drying loft and savour the aromas, brilliant colours and the varying textures of thousands of bunches, row upon row, of freshly dried and drying flowers. Many of the flowers that we grow will be slowly air dried in our loft and once dried, they will hold their colours for up to three years, making a truly lasting floral statement. All our dried flowers are available at great, direct from the farm prices!

Picking

After you've visited the barn, it's time to grab a bucket and head out to pick your own flowers! It's easy and fun. We provide you with a bucket containing a bit of fresh water and clippers, then you take a leisurely stroll through our production fields and pick your choice of the flowers we grow.

Slide

When you've finished picking flowers, you can set yourself down under a shady apple tree and enjoy our spectacular views of beautiful King Township. You can also enjoy a picnic near our colourful display gardens. We have plenty of tables and chairs and for your picnicing pleasure - our handcrafted stone barbeque

is available for use.

Meanwhile the kids may choose to climb our unique tree fort or frolic on our rustic slide and play in our sandbox. You also may wish to wander down the old farm lane to discover the local haunts of our red-winged black birds and watch the hawks soar overhead.

Weddings

Planning your wedding was never easier. All the preparation and details that go into creating your wildly romantic wedding at Wildflower Farm are fully coordinated for you!

Upon arrival on your special day, your guests will be ushered to a secluded area of Wildflower Farm with its panoramic views of the rolling hills of King Township. Transformed into a magical wedding ceremony and celebration site, this lush area will be custom designed to meet your needs and desires throughout your special day. The site includes a furnished preparation and

lounging tent for the bridal party and a huge celebration tent with a comfortable dining area, bar and large dance floor.

Every floral detail for your special wedding will be lovingly prepared in tapestries of seasonal colour. Urns of flowers overflowing with blooms, garlands of flowers decorating tables and tents, a sumptuous wedding archway festooned with a dense canopy of blooms. Memorable and meaningful flowers for each member of the bridal party will grace the day. Crushed paths of lavender underfoot will forever conjure enchanting memories of your magical summer celebration.

Following your ceremony the wedding party will work closely with our professional wedding photographer to create your special memories of the day. During this time, your wedding guests will enjoy the music of your choice as well as cocktails and hors d'oeuvres served in the billowing celebration tent.

The return of the wedding party to the celebration tent will signal the seating of your guests for an elegant, gourmet meal. After the meal, a custom made wedding cake will be brought out for the ceremonial cutting of the cake and a delicious conclusion to the meal. After dinner, members of the wedding party will regale you and your guests with champagne toasts and speeches. Following these heart-felt gestures you and your new spouse will step into the spotlight for your first dance and begin rocking the casbah long into the night!
