**No. 30B-2 KNO<sub>3</sub>–RbNO<sub>3</sub>**

---

- |    |                                                                                                          |
|----|----------------------------------------------------------------------------------------------------------|
| 1b | Phase diagram of K <sub>1-x</sub> Rb <sub>x</sub> NO <sub>3</sub> ; Fig. 30B-2-001.                      |
| 3a | Unit cell parameters: Table 30B-2-001; Fig. 30B-2-002, Fig. 30B-2-003.                                   |
| 4  | Thermal expansion of K <sub>1-x</sub> Rb <sub>x</sub> NO <sub>3</sub> ; see Fig. 30B-5-002 in No. 30B-5. |
| 5a | Dielectric constant: Fig. 30B-2-004.                                                                     |
| c  | Spontaneous polarization and coercive field: Fig. 30B-2-005, Fig. 30B-2-006.                             |
