

Fig. 39A-13-001. K₂CoBr₄. κ vs. T [90Suz]. κ is measured along one direction in the cleavage plane. Curves 1 and 2 show the stable and metastable sequences of transitions, respectively. The vertical arrows indicate transitions.

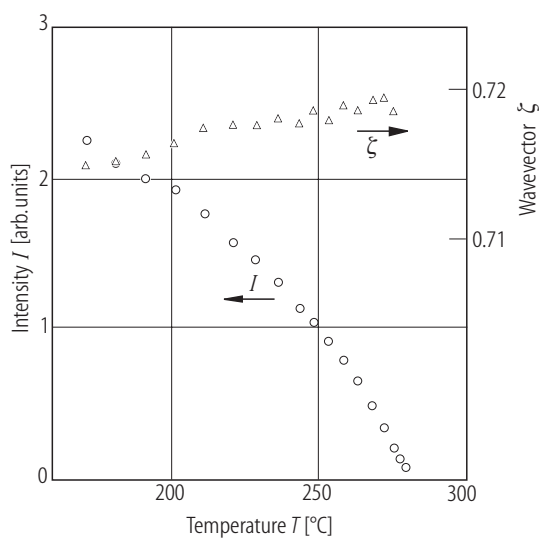

Fig. 39A-13-002. K₂CoBr₄. I , ζ vs. T in phase II β [91Mas]. I : integrated intensity of satellite reflection at (1, 3, ζ).
