

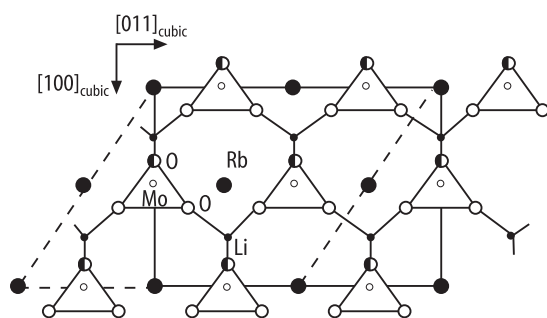

**Fig. 41A-7-001.**  $\text{RbLiMoO}_4$ . Structure of phase IV [83Kru].  $T = \text{RT}$ . Projection along  $c$ .

**Fig. 41A-7-002.**  $\text{RbLiMoO}_4$ . Structure of phase I [83Kru]. Schematic cell relation between the monoclinic cell and the cubic cell. The half-filled circles indicate that two oxygen atoms overlap one another.
