

Plot the attitude data from Table 5.1 on a stereogram and on a tangent diagram to find the fold style and plunge. How do the two methods compare?

Table 5.1.
Bedding attitudes across the
central Sequatchie anticline
from NW to SE

NW				SE	
Dip	Azimuth	Dip	Azimuth	Dip	Azimuth
8	308	56	318	6	144
46	315	75	330	8	145
34	316	83	315	8	144
50	320	70	315	6	127
6	320	0	000	7	136
22	316	5	145	10	136
				9	136
