

^a) Average bending angle from linearity.

Seki, K., Sumiyoshi, Y., Endo, Y.: J. Chem. Phys. **117** (2002) 9750.

$$\text{D-N=N}^+ \cdot \text{Ar}$$

The structure of the linear H-bound complex was determined from the rovibrational IR spectrum of the ν_2 stretching fundamental band.

Verdes, D., Linnartz, H., Botschwina, P.: Chem. Phys. Lett. **329** (2000) 228.
